## BOONE COUNTY AUDITOR

JUNE E. PITCHFORD, CPA

BOONE COUNTY GOVERNMENT CENTER

801 East Walnut, Room 304 • Columbia, MO 65201-7729 • (573) 886-4275 OFFICE • (573) 886-4280 FAX

November 15, 2019

To the County Commission and the Citizens of Boone County:

Pursuant to the requirements of state law, I am pleased to present the fiscal year 2020 Proposed Budget for Boone County, Missouri. This budget is the result of a legislatively designed process which guides the allocation of county resources within a framework of statutory requirements, local needs, and local planning processes. It provides legal spending authority for the County's elected officials and appointed department directors.

All of the budgets contained herein are balanced: total resources (i.e., current revenues plus other financing sources and appropriated fund balance) available to a particular fund are equal to or greater than the proposed spending plan for that fund.

## **Organizational Structure and Its Impact on Planning Processes and Long-term Goals**

Boone County's statutory elective form of government differs significantly from a charter form of government or a council-city manager form of government. These differences impact the planning and budgetary process, the resulting budgetary document, as well as operation and administration throughout the year.

Within this form of government, independent elected officials are directly accountable to the people of the County and are responsible for discharging their statutory functions in accordance with state laws within resources allocated to them by the County Commission. In some instances, elected officials have additional resources available for their operations through various special revenue funds. In most cases, these special revenue funds are under the appropriating authority of an individual elected official rather than the County Commission. (Refer to the *Overview and Description of Special Revenue and Other Funds* presented in the *General Information* section.) The County Commission has no oversight authority over the operations of each elective office nor does the County Commission directly influence the development and implementation of goals and objectives for these elective offices. This structure results in each elected official identifying immediate and long-range goals and then presenting funding requests in the annual budget process. All county property, however, is controlled and managed by the County Commission.

Despite these unique organizational features and their impact on entity-wide goal setting and planning processes, county officials share a commitment to the commonly-understood purpose of county government to provide responsive, efficient, and ethical government services for the people of Boone County. These shared commitments are reflected in the following long-term goals:

- Long-term fiscal stability for the County;
- Continuous improvement in service quality and service delivery, with an emphasis on application of new technologies; and

- Equipping employees with technology and other resources necessary for public services and providing reasonable and competitive compensation and benefits.

As noted above, the County's statutory organizational structure does not provide a *formal* mechanism for the development of cohesive and coordinated entity-wide budgetary priorities. However, county officials collaboratively identify, develop, and achieve progress toward shared county-wide commitments through established internal processes. For instance, the Personnel Advisory Committee (PAC) and the Information Technology Advisory Committee (ITAC) are standing committees which provide an organizational mechanism for policy review and development as well as consensus-building regarding specific goals, objectives, and budget priorities. Committee membership is comprised of elected officials and appointed department directors and committee recommendations are subject to County Commission approval.

## **Local Economic Conditions and Assumptions**

The local economy reflects a mix of retail, education, service and medical industry, light manufacturing, construction, insurance, and finance. The largest employers in the County include the University of Missouri, Columbia Public Schools, local hospitals (University Hospital and Clinics, Boone Hospital, Veterans Hospital), the City of Columbia, Veterans United Home Loans, Shelter Insurance Company, MBS Textbook Exchange, and Columbia College.

The County's unemployment rate of 1.7% compares favorably to the state and federal rates of 2.4% and 3.5%, respectively (published rates as of September 2019). With a population of approximately 178,000, Boone County is seventh largest of Missouri's 114 counties. Boone County's population has grown more than 15% over the past decade; this compares to Missouri's 2.3% population growth for the same time period.

Inflation, as measured by the change in the Consumer Price Index (CPI)—All Urban Consumers, remains low and stable. This budget assumes that low inflation will continue.

State funding reductions and legislative changes over the past decade have resulted in revenue reductions. The state has reduced statutory reimbursements for prisoner per diem, juvenile detention per diem, Public Administrator personnel, and reimbursement for property assessment activities. This budget assumes continuation of these reductions, but it assumes no further reductions. County officials, however, continue to closely monitor the state's appropriation process.

The County is significantly dependent on locally-enacted sales tax levies to finance local services, with nearly 70% of county operating revenues derived from this single revenue source. In the short-term, the County is vulnerable to the inherent volatility of this revenue source. Of greater concern, however, is the on-going erosion of this tax base resulting from the growth in untaxed remote retail sales, including e-commerce sales. Sales tax revenues have declined since 2017 and are projected to continue declining into the foreseeable future unless the problem of untaxed e-commerce activity is resolved.

## **2020 Budgetary Issues and Solutions**

The County's statutory structure significantly influences the annual budgetary process. Individual elected officials engage in planning activities; however, these processes are generally focused on the respective responsibility areas of each office and are not formally coordinated at the entity level. Within this framework and context, the County Auditor and

the County Commission evaluate funding requests and establish appropriations in accordance with available resources. As noted earlier, additional resources may be available to elected officials through special revenue funds, many of which are under the appropriating authority of an individual elected official rather than the County Commission. As a result, individual departmental goals tend to impact budget development more so than entity-wide goals.

In evaluating and prioritizing the various needs identified through the budget process, highest priority is given to *statutory county governmental functions* which include:

- Law enforcement, Corrections, and Prosecution
- Operation of the Circuit Court, Juvenile Office, and the Juvenile Detention Center
- General Government functions which includes public records, property assessment and mapping, property tax administration, voter registration, elections, budget and finance, and treasury management
- Public Health, Planning & Zoning, and Code Enforcement
- Transportation infrastructure maintenance and traffic services
- Children's Services (voter approved in November 2012)
- Public Safety 911 and Emergency Management (voter approved in April 2013)

Over the years, the County Commission has authorized additional services beyond those identified above such as animal control services, on-site waste water management, community/civic services, and economic development; however, the overwhelming majority of county spending is directed toward statutory services.

**The following priorities have shaped the 2020 budget:**

1. Maintain fiscal stability within the County's major operating funds despite shrinking sales tax revenues
2. Maintain competitive salaries and benefits for the County's workforce
3. Provide replacement of essential equipment, vehicles, and technology
4. Provide funding for required elections
5. Provide routine maintenance and preservation of the County's transportation network

**Priority #1--Fiscal Stability:** The majority of County operations and services are accounted for within five major funds: General Fund, Road and Bridge Fund, Law Enforcement Services Fund, Community Children's Services Fund, and the 911/Emergency Management Fund. Sales tax is the primary revenue source for each of these funds, comprising approximately 46% in the General Fund; 78% in the Road and Bridge Fund; and 100% for the Law Enforcement Services Fund, the Community Children's Fund, and the 911/Emergency Management Fund. Across all funds combined, sales tax accounts for approximately 68% of total revenue.

In 2017, voter-approved sales tax levies generated \$49.7 million in sales tax revenue and it has been declining since. Estimated sales tax revenue for Fiscal Year 2020 is \$47.6 million, a **decline of \$2.1 million or 4.2% compared to fiscal year 2017** and consists of the following:

- General Fund (one-half cent levy): decline of \$600,000 since 2017
- Road & Bridge Fund (one-half cent levy): decline of \$600,000 since 2017

- Children's Services Fund (one-quarter cent levy): decline of \$320,000
- 911/Emergency Management Fund (three-eighths cent levy): decline of \$450,000
- Law Enforcement Sales Tax Fund (one-eighth cent levy): decline of \$150,000.

The fiscal year 2020 budget assumes that sales tax revenue will shrink by 1.75% in 2019 and by an additional 1.75% in 2020.

Sales tax revenue is expected to continue shrinking until the problem of untaxed e-commerce is addressed. Under current Missouri law, the only mechanism by which locally approved sales tax rates may be extended to remote internet sales requires voter approval. I strongly urge the County Commission and other elected officials to seek voter approval necessary to solve this growing and alarming problem.

The County is legally authorized to set a property tax levy for the General Fund and the Road and Bridge Fund. For decades, the County has chosen to set its property tax levy significantly below the maximum rate allowed by law. For instance, in 2019, the County set its property tax rate at \$0.17 per \$100 assessed valuation (\$0.12 cents for General Revenue and \$0.05 cents for Road & Bridge), but the County was legally authorized to set the rate as high as \$0.31 per \$100 assessed valuation. Historically, the County has chosen to set its property tax levy significantly below the maximum allowed by law. Officials were able to voluntarily choose a lower rate because sales tax revenues provided enough operating revenue to meet the County's needs and sales tax revenue grew year-over-year commensurate with population growth and the growing demand for services. This is no longer true for Boone County due to untaxed e-commerce retail activity.

Given the recent and alarming decline in sales tax revenue caused by untaxed e-commerce, the County will need to utilize a portion of its property tax revenue capacity to partially off-set the loss of sales tax revenue in the fiscal year 2020 budget. Subsequent annual budgets may require additional increases in property tax revenue.

**Budgetary Impact—** The Fiscal Year 2020 budget reflects a 2-cent increase in the property tax revenue for the General Fund (i.e., the property tax rate for the General Fund would increase from \$0.12 per \$100 assessed valuation to \$0.14 per \$100 assessed valuation). This 2-cent increase in property tax is expected to generate \$600,000, which offsets the amount of decline in sales tax revenue to the General Fund since 2017.

For the average Boone County property owner having a home with an estimated market value of \$200,000, this would result in additional annual property taxes of \$7.60.

In developing the fiscal year 2020 budget, the County has limited personnel growth: the only new FTE is a grant-funded traffic Deputy for the Sheriff's Department. The County has also limited new and replacement assets to the highest priority needs. In addition, and as described in the next section, salary increases are limited and fall short of keeping pace with inflation.

Most fees are set by state statute and cannot be changed by the County Commission. However, there are a few revenue sources controlled by the County Commission: for example, building permits and food handler permits. In the fiscal year 2020 budget, the County Commission has reviewed county-controlled fees and authorized small increases in order to achieve the target cost recovery percentages established by County policy.

In addition to the foregoing, the fiscal year 2020 budget reflects planned use of fund balance resources, primarily to pay for new and replacement fixed assets, emergency appropriations, and non-recurring projects. However, if the problem of untaxed e-

commerce is not addressed and sales tax revenues continue to shrink, the County will be faced with significant budgetary challenges that will inevitably result in workforce reductions and a decline in service levels.

The County has established minimum fund balance requirements in its major funds equal to two-month's expenditures or 17%. This minimum requirement is necessary to ensure adequate cash flow. Fund balances for the Road and Bridge Fund and for the Law Enforcement Services Fund are expected to meet the minimum requirement at the end of fiscal year 2020. Fund balances in the General Fund, the 911/Emergency Management Fund, and the Children's Services Fund are expected to exceed the minimum requirement. For further analysis and explanation of the County's various fund balances, refer to the Fund Balance section within this Budget Message.

**Priority #2--Maintain competitive salaries and benefits for the County's workforce:** The County self-insures employee health and dental benefits and there are no changes to employer-paid premiums or to employee-paid dependent premiums.

The County reviews its salary range table in odd-numbered years to ensure that the County maintains competitive rates of pay. In response to this bi-annual review, the 2019 budget reflected a 1% increase to the minimum and maximum pay rates reflected on the County's range table. The 2020 budget reflects no further adjustment to the County's range table.

County employees receive pension benefits under the state-wide County Employee Retirement Fund (CERF) which began in 1994. Initially, County employees were required to contribute 2%; later the mandatory contribution was increased to 6%. Counties are permitted to pay up to 4% of the mandatory contribution on behalf of employees subject to the 6% contribution requirement. The 2019 budget included funding for the County to pay 2% of the employees' mandatory 6% contribution. The resulting 4% employee-paid contribution is more consistent with other government employers which enhances the County's ability to recruit and retain employees. The fiscal year 2020 budget includes funding for continuation of this County-paid benefit.

The fiscal 2020 budget includes funding for salary increases, which are awarded at the discretion of each administrative authority and are intended to reward performance and address wage compression issues.

**Budgetary Impact—** The salary increase has a combined budgetary impact of \$322,000 (average 1.75%) across all operating funds and consists of the following:

- General Fund--\$188,000
- Road and Bridge Fund--\$53,000
- 911/Emergency Management Fund--\$40,000
- Law Enforcement Services Fund--\$14,000
- All other funds combined--\$27,000

**Priority #3 --Replacement of essential equipment, vehicles, and technology:**

The 2020 budget includes funding to replace computer and office equipment, machinery, and vehicles. In addition, the budget includes funding for improvements to the County's Emergency Communications Radio Network infrastructure.

**Budgetary Impact—** The fiscal year 2020 budget includes approximately \$4.8 million for investment in new and replacement technology, vehicles, and equipment as follows:

- **General Fund--\$865,000:** includes \$400,000 for new and replacement computer hardware and software; \$300,000 to replace law enforcement in-car video equipment and to deploy body cameras; \$35,000 for an additional vehicle required for a grant-funded Sheriff's Deputy position; and \$125,000 for various office equipment and jail equipment.
- **Road and Bridge Fund--\$1.07 million:** includes funding for routine replacement of machinery, equipment, and vehicles.
- **Law Enforcement Services Fund--\$573,000:** includes funding for routine replacement of vehicles and equipment.
- **911/Emergency Management Fund-- \$2.1 million:** includes \$600,000 new and replacement computer hardware and software; \$1.0 million funding for radio network infrastructure improvement; \$300,000 to migrate 911 radio network operations to a new transmitter model and \$50,000 for various radio network equipment; and \$150,000 for new and replacement emergency sirens.
- **Various non-major funds-- \$214,000:** includes funding for replacement of various equipment and technology for the Assessor's Office, the Collector's Office, the Recorder of Deeds, the Sheriff's Office, and the Circuit Court.

Additional information regarding new and replacement fixed asset funding is included in the Personnel and Fixed Asset Summary tab section of this document.

**Priority #4—Provide funding for elections:** The County is required to provide county-wide elections for the April Hospital Board of Trustees election as well as the August primary and the November general elections. Fiscal year 2020 is a presidential election year which results in higher election costs for the County.

**Budgetary Impact—** The fiscal year 2020 budget includes approximately \$875,000 for election-related activity.

**Priority #5-- Transportation Network Infrastructure:** Resources dedicated to maintaining and improving the County's transportation network are accounted for within the Road and Bridge Fund and comprise approximately 24% of all county spending (excluding capital project funds). The County maintains more than 800 miles of roadway infrastructure and right-of-way as well as bridges and other drainage structures. Road maintenance services include pavement preservation, asphalt and concrete rehabilitation, roadside ditching, vegetation control, surface striping, gravel road maintenance, and bridge/low-water crossing maintenance and repair. Traffic services include street signage,

regulatory signage, and snow and ice control. Services provided by the engineering and inspection staff include inspection and acceptance of subdivision streets; designing and planning the Infrastructure Preservation and Rehabilitation Program for all asphalt and concrete roadways, bridges, and storm-water drainage structures; administering the County's Neighborhood Improvement District (NID) road program; and administering capital improvement projects related to Boone County's transportation network.

The primary revenue source for the County's road and bridge activities is a one-half cent sales tax, which was originally approved by voters in 1993 and is accompanied by a voluntary property tax roll back. The sales tax has been successfully renewed three times, with the current authorization expiring September 30, 2028. The County also receives a portion of the state-wide gasoline tax (CART- County Aid Road Trust) as well as a portion of the state's motor vehicle sales tax. The one-half cent sales tax is expected to generate approximately \$13.7 million in fiscal year 2020. Because the sales tax revenue, in part, substitutes for property tax revenue (due to the voluntary property tax roll-back), approximately 59% or \$8.1 million represents *net additional revenue* to the County.

The County is required to make statutory property tax distributions to the various cities located within the County and to the Centralia Special Road District (CSRD); in addition, the County voluntarily distributes a portion of the sales tax revenue to these entities each year pursuant to intergovernmental agreements.

***Budgetary Impact***— The fiscal year 2020 budget includes total appropriations of \$20.9 million in the Road and Bridge Fund allocated as follows:

- \$ 3.2 million – Distributions to cities and the Centralia Special Road District
- \$17.7 million – Infrastructure maintenance and preservation, engineering and inspection activities, and investment in new and replacement equipment. The budget includes a \$2.0 million “one-time” contractual payment to the Missouri Department of Transportation (MoDOT) for the I-70 bridge replacement project.

## **Budget Process and Calendar**

The annual budget process is governed by the Revised Statutes of Missouri (RSMo) 50.525-50.641. Pursuant to state law, Boone County is classified as a first class non-charter county; as such, the elected County Auditor serves as Budget Officer.

The process and deadlines set forth by statute are intended to provide a means for independently elected officials to formally communicate their budgetary needs to the County Commission and the County Auditor each year; to ensure public access to the budget information; to ensure that public hearings are conducted; and to ensure that the adopted budget is balanced. A complete discussion of the budget process is provided in the *General Information* tab section of this document.

# Budget Summary Schedules

An aggregate comparison of the fiscal year 2019 and 2020 annual operating budgets (all funds combined) is shown below. The amounts shown below are *net of inter-fund transfers*.

	All Governmental Funds Combined (excluding Capital Project Funds)			Internal Service Funds		Private Purpose Trust Funds	
	2019	2020	%	2019	2020	2019	2020
	Budget	Budget	Chg	Budget	Budget	Budget	Budget
Operating Revenues	\$ 72,934,227	71,939,520	-1%	\$ 6,400,548	6,938,314	\$ 1,780	2,030
Other Financing Sources ( <i>net of interfund transfers</i> )	114,308	282,000		3,000	300	-	-
Planned Use of Fund Balance (net)	14,823,853	13,655,100		147,357	-	1,104	1,851
<b>Total Revenues &amp; Other Sources (<i>net of inter-fund transfers</i>)</b>	<b>\$ 87,872,388</b>	<b>85,876,620</b>	<b>-2%</b>	<b>\$ 6,550,905</b>	<b>6,938,614</b>	<b>\$ 2,884</b>	<b>3,881</b>
<b>Total Expenditures &amp; Other Uses (<i>net of inter-fund transfers</i>)</b>	<b>\$ 87,872,388</b>	<b>85,876,620</b>	<b>-2%</b>	<b>\$ 6,550,905</b>	<b>6,738,601</b>	<b>\$ 2,884</b>	<b>3,881</b>
<b>Projected Net Fund Balance as of December 31</b>		<b>\$ 42,744,189</b>			<b>\$ 6,475,391</b>		<b>\$ 58,027</b>

The schedules presented on the following pages demonstrate the relationship between the County's various functional units and its overall financial structure. The following schedules are included:

**Budget Summary by Fund Type:** This schedule presents a consolidated budget overview for the government as a whole including internal service funds and private purpose trust funds. It shows revenues by source, expenditures by object code, and projected fund balances at the end of the year. Similar information is provided on an individual fund basis in the *Fund Statements* tab section of this document.

**Matrix of Expenditures and Financial Uses by Function and Class:** This matrix shows the relationship between functional areas and classification of expenditure.

**Expenditures by Functional Unit and Funding Source:** This schedule shows the relationship between budgetary amounts for each functional unit and the source of funding. This schedule demonstrates the extent to which the budgetary resources are provided from major funds, non-major funds, or a combination of funds.

Discussion and analysis pertaining to revenue and expenditure assumptions, fluctuations, and a comparison to prior years is presented after the schedules.

Total	\$ 32,917,592	\$ 3,493,855	\$ 841,371	\$ 1,153,701	\$ 1,068,760

\* Includes land-line phones, cell phones, and data communications; also includes building utilities for those facilities housing a single office or department. Utilities for facilities housing multiple offices are accounted for in an internal service fund and reflected in the departmental cost as "Facilities Internal Service Charge", included in Other.

This matrix illustrates the relationship of expenditures by function to the various classifications of expenditure. From this matrix, the reader can understand the extent to which specific classifications of expenditures are significant to any given functional area. For instance, this matrix shows the extent to which personnel costs or fixed asset costs comprise a significant portion of the operating budget for a given functional area.

Within the matrix shown above and on the previous page, costs associated with fixed assets used in operations (vehicles, equipment, etc.) are presented in a separate category. In the matrix presented on the following page, the budgetary amounts for such assets are included in the totals presented for each department. Additional information regarding fixed assets is presented in the *Personnel and Fixed Asset Summaries* tab section of this document.

The matrix on the following page illustrates the relationship between organizational units (departments and cost centers) within each functional category of expense to the various funding sources (major and nonmajor funds). This matrix provides the reader with a comprehensive overview of the financial resources allocated to each department (or cost center) and the source of such funding. Within this matrix, amounts budgeted for new and replacement fixed assets have been included within the total budgetary amount for each functional area.

# Revenue and Expenditure Trends

The graph shown below illustrates revenue, expenditure, and net fund balance trends over the past 10 years. Each of these elements is discussed in detail in the following sections. The significant fluctuations reflected in the graph for fiscal years 2013 through 2020 are attributable to the following:

- **Significant increase in revenue and net fund balance 2013-2016:** This is primarily the result of two dedicated sales tax levies approved by voters for Children's Services and 911/Emergency Management. The sales tax levies became effective mid-year 2013; however, operational planning and facility construction required additional time and this resulted in an accumulation of resources within each of the new special revenue funds (i.e., increased fund balance shown on the graph). Going forward, budget allocations within the Children's Services Fund for procurement of services combined with increased utilization of service contracts will reduce this temporary increase in fund balance. Fund balance within the 911 Fund will be utilized to pay for future capital needs, which will occur on a cyclical basis.
- **The high number and extended duration of staff vacancies within County offices, resulting in unexpected favorable spending variances (fiscal years 2013-2018):** The highest vacancies have occurred within Sheriff and Corrections operations (General Fund), Information Technology (General Fund) and Boone County Joint Communications and Emergency Management (911/Emergency Management Sales Tax Fund).
- **Planned use of accumulated net fund balance for non-recurring projects:** The 2018 and 2019 budgets included funding for several significant non-recurring projects from fund balance resources that accumulated over the course of several prior years. In addition, and as previously noted, the 2020 budget utilizes a portion of fund balance for equipment and technology replacement as well as election costs. This results in a temporary increase in spending while also reducing net fund balance.

# Revenue Assumptions and Projections

Government *revenues* represent current period inflows of fund financial resources, exclusive of “Other Financing Sources” such as transfers from other funds or issuance of long-term debt. Accordingly, the following discussion pertains to revenues only.

The fiscal year 2020 revenue projection for all governmental funds combined reflects a 1% decline compared to the fiscal year 2019 budget, primarily due to shrinking sales tax revenue, the County’s primary source of revenue.

A three-year comparison of revenues by source for all governmental funds is presented below. The following section describes the major sources of revenue for the County’s combined governmental funds and the primary causes for fluctuations between the prior and current budget years.

## Revenues by Source— All Governmental Funds Combined Excluding Capital Project Funds

Includes General, Special Revenue and Debt Service Funds

Revenues by Source	2018 (Actual)	2019 (Budget)	2019 (Estimated)	2020 (Budget)	% Change 20 Budget over 19 Budget	% of Total for 2020
Property Taxes	\$ 5,251,403	5,376,400	5,506,140	6,217,400	16%	8.6%
Assessments	162,796	114,732	146,387	108,284	-6%	0.2%
Sales Taxes	49,894,292	50,517,000	49,012,000	48,159,000	-5%	66.9%
Franchise Taxes	166,249	160,000	163,000	163,000	2%	0.2%
Licenses and Permits	693,931	655,977	711,935	742,046	13%	1.0%
Intergovernmental	5,181,034	4,167,291	3,739,613	3,796,516	-9%	5.3%
Charges for Services & Interfund Services Provided	6,441,010	6,292,317	6,215,247	6,416,308	2%	8.9%
Fines and Forfeitures	110,219	10,000	22,761	10,000	0%	0.0%
Interest	1,287,998	1,153,897	1,756,697	1,610,840	40%	2.2%
Hospital Lease	2,461,187	2,475,500	2,508,198	2,546,500	3%	3.5%
Other*	1,968,347	2,011,113	2,044,068	2,169,626	8%	3.0%
<b>Total Revenues</b>	<b>\$ 73,618,466</b>	<b>72,934,227</b>	<b>71,826,046</b>	<b>71,939,520</b>	<b>-1%</b>	<b>100.0%</b>

\*Other includes various lease revenue and other miscellaneous revenue.

## Property Tax (8.6% of total revenue)

Property tax comprises a relatively small portion of the County’s overall operating revenues as a result of statutory and voluntary property tax roll-backs described below. Property tax rates are applied to each \$100 of *assessed valuation* for purposes of calculating property tax revenue. In Missouri, residential, commercial, and agricultural property is assessed at 19 percent, 32 percent, and 12 percent, respectively, of true value (market value).

Assessed valuation grows at an average annual rate between 2% and 4% and it provides a stable source of revenue for the County and its political subdivisions. Total assessed value for the County exceeds \$3.0 billion. The fiscal year 2020 Budget assumes 2.5% growth in assessed valuation for real estate property and personal property.

The County voluntarily reduced the Road and Bridge tax levy in conjunction with the 1993 voter approval of a one-half cent sales tax for roads. In addition, the County is required to reduce its total property tax levy as a result of the 1979 voter-approved permanent one-half cent sales tax. As previously discussed, the budget assumes a **two-cent increase in property tax rates for fiscal year 2020** which includes the following:

- General Fund Operations-- \$.14 per \$100 assessed valuation (two-cent increase)
- Road and Bridge Operations--\$.05 per \$100 assessed valuation (no change)

The following chart illustrates the stability and modest growth of this revenue source over the last 10 years.

Debt service tax levies will not be required because all existing debt is being retired through annual appropriations or special assessments paid by property owners. For further information on the County's debt, refer to the Summary of Long-Term Debt presented later in the Budget Message and in the *General Information* tab section.

### Assessments (0.2% of total revenue)

The County has elected to create Neighborhood Improvement Districts (NIDs) which provide a financing mechanism to property owners for various road and sewer improvements. The County constructs the improvements, issues long-term debt, and then collects annual assessments from the property owners to pay for the annual principle and interest on the outstanding debt. The program is governed by state statutes. The special assessment revenue provides 100% of the debt service requirements for the bonds issued in conjunction with the NID program. The amount of assessment revenue in any given year is influenced by such things as number of pay-offs, number of annual assessments levied, and number of NID projects completed and assessments ordered.

### Sales Tax (66.9% of total revenue)

The County is highly dependent on sales tax revenue to finance the majority of county services. It is the single largest source of revenue for the County and accounts for nearly 70% of all regular operating revenues in the County's governmental funds. Compared to other revenue sources, sales tax is inherently volatile and quickly impacted by changing

economic conditions. Because Boone County is primarily dependent on sales tax to pay for on-going operations, the County is especially vulnerable to this inherent volatility. This is a primary reason for maintaining higher fund balances within the County's major operating funds during periods of economic stability and growth.

The graph above also illustrates the extent to which untaxed e-commerce retail activity is negatively impacting this important revenue source. The 2008-2009 recession marked the sharpest decline ever experienced by the County, resulting in two consecutive years of negative growth in 2008 (-1.36%) and 2009 (-3.0%). The recession was followed by several years of normal growth and then in 2017, sales tax revenues began shrinking, despite strong local economic indicators. This decline is directly attributable to the growth in untaxed e-commerce. The 2019 budget was prepared using a 0.25% growth rate, however, actual revenue is expected to decline by 1.75%; and the fiscal year 2020 budget assumes that sales tax revenue will shrink further by another 1.75%. This is a very alarming trend.

The County receives the following sales tax revenue:

**One-half cent permanent sales tax in the General Fund.** This sales tax is expected to generate \$13.7 million in 2020, which represents approximately 46% of the total revenue in the General Fund. The governing statute for this sales tax authorization requires a property tax roll-back.

**One-half cent sales tax in the Road and Bridge Fund.** This sales tax is expected to generate \$13.7 million in 2020, which represents 78% of regular, on-going revenue to Road and Bridge operations. The sales tax was originally approved by voters in 1993 for an initial 5-year period followed by three 10-year renewals (expiring in 2028). The governing statute for this sales tax does not require a property tax roll-back; however, the County Commission has pledged and implemented a voluntary property tax roll-back.

**Constitutionally determined portion of the state's motor vehicle sales tax (Road and Bridge Fund).** This tax is expected to generate \$515,000 in 2020. This revenue source declined significantly in 2008 and has increased modestly since and is expected to be slightly exceed the fiscal year 2006 amount of \$510,000.

**One-eighth cent permanent law enforcement services sales tax.** This sales tax is expected to generate \$3.4 million in 2020, which represents the sole source of revenue for the Law Enforcement Services Fund. The fund is used to provide supplemental

funding for law enforcement and judicial operations which are primarily financed through General Fund appropriations.

**One-quarter cent permanent community children's services sales tax.** This sales tax was approved by voters in November 2012 and became effective April 1, 2013 and was the result of citizen-led petition initiative. The tax is expected to generate \$6.5 million in fiscal year 2020. It is the sole source of revenue for the Community Children's Services Fund. (Due to the wording used within the petition, this tax is not extended to domestic utilities as are the County's other sales tax levies.)

**Three-eighths cent permanent 911/Emergency Management sales tax.** This sales tax was approved by voters in April 2013 and became effective October 1, 2013. The tax is expected to generate \$10.3 million in fiscal year 2020.

### Franchise Taxes and Licenses/Permit Revenue (1.2% of total revenue)

The County's 5% franchise tax applies to cable services and is accounted for within the General Fund.

The graph on the following page illustrates the growth trends for Licenses & Permit revenue.

The County establishes and collects fees for building permits, on-site waste water systems, and food-handling licenses, all of which are accounted for within the General Fund. The fiscal year 2013 increase was attributable to fee schedule increases for building permits, food handling licenses, on-site waste water system permits as well as increased building permit volume. The 2017 increase was due to a single-year spike in building permit revenue.

The County Commission has established a 50% cost recovery target for food handling and on-site waste water permits and a 75% cost recovery target for building permits. The fee structure and actual cost-recovery levels are reviewed as part of the annual budget process. The 2020 budget assumes small adjustments to the fee schedules required in order to attain the target cost recovery percentage.

Conceal-and-carry weapons permits were authorized by the state legislature in fiscal year 2004; this revenue is accounted for within the Sheriff Revolving Fund. Legislative changes enacted mid-year 2016 eliminated the permitting requirement for concealed weapons, which significantly reduced this revenue.

Right-of-way permit revenue is accounted for within the Road and Bridge Fund.

The projected increase in this category is due to the combined impact of adjustments to the fee schedule as well as increased volume for building permits.

## Intergovernmental Revenues (5.3% of total revenue)

The County receives substantial revenue from federal and state grants as well as from annual state appropriations. Some of these revenues provide on-going operating revenues for the County while others reflect non-recurring or project-specific revenues.

Grants awarded to the County reflect the fiscal year of the granting agency which is usually different than the County's fiscal year. The County's budget reflects only those grant revenues and expenditures associated with awarded grant periods and does not assume the future renewal of existing grants. As a result, the County's budget reflects that portion of an awarded grant that falls within the County's fiscal year; the budget will be amended upon notification of renewal or extension. In accordance with county policy, *potential* grants are generally not included in the budget until final award is made to the County, at which time the County Commission amends the budget.

Overall, this revenue category reflects a 9% reduction from the prior year. This decline is primarily due to grants having a fiscal year that is different than the County's fiscal year.

The County's primary intergovernmental revenue sources in fiscal year 2020 include the following:

- Within the General Fund—
  - State prisoner per diem reimbursement, \$818,400, and juvenile detention reimbursement, \$62,000
  - Child Support Enforcement, \$237,000
  - Reimbursement from Callaway County (Court Administration, Juvenile Office, and Juvenile Detention), \$105,000
  - Various law enforcement and judicial grants and other reimbursements, \$820,000
- Within the Road and Bridge Fund—
  - Boone County's distribution from the state's County Aid Road Trust (CART) fund, \$1.225 million (proportionate share of the statewide gasoline tax)
- Within the Assessment Fund—
  - State reimbursement for property tax assessment, \$212,000

The decline in this category is primarily the result of the timing difference noted above.

The chart below shows a ten-year history of intergovernmental revenues. The chart illustrates the extent to which non-recurring grants result in budget volatility and are explained as follows:

- 2010- federal grants and stimulus funds;
- 2012- federal transportation funds received for the Meyer Industrial infrastructure project
- 2015- federal transportation funds received for Rustic Road Bridge project
- 2017- state prisoner per diem reimbursement (partial catch-up payment for arrearages)
- 2018- federal CDBG monies received for infrastructure improvements associated with the American Outdoor Brands' facility construction project

## Charges for Services (8.9% of total revenue)

The primary sources of revenue in this category include property tax commission and fees, fees collected through the circuit court, Public Administrator fees, and real estate recording fees.

As illustrated in the following chart, real estate recording fees hit record highs in fiscal year 2003 with annual revenue of nearly \$1.2 million and have generally declined since, with some volatility year-to-year.

Property tax commission revenue is collected on paid property tax bills and it provides revenue for the Assessment Fund and the General Fund. This revenue provides a stable source of operating revenue, as shown in the chart below.

## Fines and Forfeitures, Interest, and Other Revenues (5.2% of total revenue)

The County's General Fund receives a portion of criminal bond forfeiture revenue. This is a nominal revenue source to the County.

Interest revenue declined significantly after 2007 but has increased significantly since 2016. This is due to a combination of higher interest rates as well as higher invested cash balances. In fiscal year 2020, the County expects to earn approximately \$1.6 million interest income on all governmental funds combined.

### Hospital Lease Revenue (3.5% of total revenue)

The County Commission and the Boone Hospital Center Board of Trustees approved an agreement with CH Allied Services, Inc. (CHAS) in 1988 for the lease of the Boone Hospital Center. CHAS leases the property, plant and equipment of the Hospital for the purposes of managing and operating the Hospital. The Trustees serve as lessor and share in certain management responsibilities pursuant to the lease agreement. The lease has been revised and amended several times since its original inception. The most recent amendment extended the lease term through December 31, 2020.

The County receives two lease payment components pursuant to the lease agreement. For fiscal year 2020, the combined lease revenue is estimated at \$2.5 million. These lease payments to the County are in addition to the lease payments paid directly to the Boone Hospital Board of Trustees. The County's two lease payment components are described below.

The first component consists of an annual lease payment to the County in the amount of \$1,350,000 (2001 as the base year), adjusted annually by the Consumer Price Index (CPI). The fiscal year 2020 estimated lease revenue is \$1.98 million, which assumes 1.5% CPI growth over the prior year. This revenue is unrestricted as to use and is accounted for within the General Fund.

The second component began in fiscal year 2010: it is an additional annual lease payment restricted to community and health needs. This lease component is also subject to an annual CPI adjustment for years 2013 and beyond (2013 base year amount of \$500,000). The fiscal year 2020 Budget includes estimated lease revenue of \$565,000, which assumes 1.5% CPI growth over the prior year. This revenue is accounted for within the Community Health/Medical Hospital Lease Fund and is administered by the Community Services Department.

The 2012 lease amendment resulted in a one-time payment of \$1.0 million to the County. This revenue was accounted for within the General Fund. One-half of the revenue was appropriated for economic development (a contractual payment to the City of Columbia in

support of the city's revenue guarantee associated with the regional airport). Of the remaining \$500,000, one-half was transferred to the Road and Bridge Fund to help defray infrastructure improvements necessitated by the construction of the new high school (Battle High) and the other \$250,000 was set aside in a capital project fund for future use. These monies provided the funding for data cabling replacement (2017) in the Government Center, which was necessary to support a replacement phone system included in the 2018 budget.

The Hospital lease revenue accounts for 3.5% of revenue for all governmental funds and 6.6% of revenue to the General Fund. The following chart illustrates the hospital lease growth trends over the past 10 years.

## Expenditure Assumptions and Projections

The fiscal year 2020 Budget for all governmental funds (excluding capital project funds) reflects total expenditures of \$85.9 million, which represents a 2% decrease over the prior year's budget (as amended) of \$87.9 million. The budgetary decrease is primarily attributable to funding included in the fiscal year 2019 for non-recurring projects and investment in new and replacement fixed asset replacements (vehicles, equipment, hardware, and software) in excess of similar amounts included in the fiscal year 2020 budget.

A multi-year comparison of expenditures by functional category is presented on the following page.

## Expenditures by Function— All Governmental Funds Combined Excluding Capital Project Funds

Expenditures by Function	2018 (Actual)	2019 (Budget)	2019 (Estimated)	2020 (Budget)	% Change 20 Budget over 19 Budget	% of Total for 2020
General Government Operations*	\$ 9,823,785	12,361,965	10,047,514	13,399,147	8%	15.6%
Public Safety & Judicial	25,875,720	29,766,798	27,569,653	30,282,081	2%	35.3%
Environment, Protective Inspection & Infrastructure	17,452,364	22,497,184	20,265,727	21,054,742	-6%	24.5%
Community Health & Public Services	6,281,644	14,088,063	10,283,488	15,033,877	7%	17.5%
Fixed Assets (New and Replacement)	2,988,964	7,860,570	4,873,850	4,822,343	-39%	5.6%
Debt Service	1,568,151	1,133,668	1,133,667	1,126,856	-1%	1.3%
Other	64,622	164,140	57,890	157,574	-4%	0.2%
<b>Total Expenditures</b>	<b>\$ 64,055,250</b>	<b>87,872,388</b>	<b>74,231,789</b>	<b>85,876,620</b>	<b>-2%</b>	<b>100.0%</b>

Schedule includes the following governmental fund types: the General Fund, special revenue funds, and debt service funds

\* Includes Auditor, Human Resources, Purchasing, Commission, County Counselor, Clerk, Election and Registration, Treasurer, Collector, Recorder, Information Services, GIS, Non-Departmental, Insurance & Safety, Employee Benefits, Mail Services, Records Management, Assessment

Total fiscal year 2020 expenditures shown in the table above exceed total revenue shown in the table presented earlier. This occurs whenever revenue earned in one fiscal year accumulates within a given fund and is spent in a subsequent fiscal year, resulting in a *timing difference* between the receipt of revenue and the eventual expenditure of funds. For example, sales tax revenues dedicated to community children's services accumulated within the restricted special revenue fund in prior years are appropriated for procurement of services in fiscal year 2020, thereby resulting in total appropriations exceeding the expected revenues for the year. This represents a planned use of fund balance and is not a cause for concern. Planned use of fund balance within the General Fund provides funding for equipment and technology replacement, emergency appropriation, and several non-recurring projects. Likewise, planned use of fund balance within the Road and Bridge Fund includes significant appropriations in fiscal year 2020 for non-recurring infrastructure projects and machinery and equipment replacement.

Historically, the County spends approximately 92% to 97% of its total annual appropriations for all governmental funds combined. Several factors contribute to favorable budgetary variances: unspent emergency appropriations, competitive procurement, personnel vacancies and turnover, favorable weather conditions, as well as management decisions. In addition, due to the statutory restrictions governing County appropriations, spending variances will **always** be positive as it is not legally permissible for administrative authorities to overspend appropriations. In addition, the County's budget adjustment policy establishes a framework of accountability and transparency which also contributes to overall favorable variances by limiting administrative authorities' ability to re-direct unspent appropriations to other purposes without prior approval.

On a county-wide basis, estimated actual spending for fiscal year 2019 is projected at 85% of budget for all governmental funds combined; however, the projected spending varies significantly across funds:

- General Fund— the fiscal year 2019 projected actual spending is approximately 92% of budget and is attributable to salary and benefits savings associated with turnover and vacancies; unspent emergency appropriation; unspent appropriations

for dues, travel, training, and County election expense ; and cost savings for fixed asset purchases (new and replacement).

- Road and Bridge Fund— the fiscal year 2019 projected actual spending is 96% of budget and is attributable to budgetary savings in contractual services for roadway preservation and rehab activities; salary and benefits savings associated with turnover and vacancies; unspent emergency appropriation; and cost savings for fixed asset purchases (new and replacement).
- Law Enforcement Services Fund— fiscal year 2019 projected actual spending is 93% of budget and is attributable to salary and benefits savings associated with turnover and vacancies; unspent emergency appropriation; and cost savings for fixed asset purchases (new and replacement).
- Community Children’s Services Fund— fiscal year 2019 projected actual spending is 72% of budget and is primarily attributable to contract utilization falling below expectations.
- 911/Emergency Management Fund— fiscal year 2019 projected actual spending is 66% of budget and is attributable to salary and benefits savings associated with turnover and vacancies; savings in software service contracts, savings in radio network equipment and repairs, and planned emergency siren and radio network improvements being re-budgeted in 2020.
- All nonmajor special revenue funds— fiscal year 2019 projected actual spending is 69% of budget. Approximately \$340,000 is attributable to savings across all spending categories in the Assessment Fund with the remainder primarily associated with unspent contingency monies budgeted within the various funds. Most of these funds are subject to the statutory budgetary authority of an individual elected official other than the County Commission.
- Debt Service Funds— fiscal year 2019 projected actual spending is 100% of budget

Within the General Fund specifically, employee vacancies and turnover result in favorable budget variances. However, other factors contribute to favorable spending variances such as savings from jury costs, court costs and *guardian ad litem* fees: the County is legally required to provide these services, but the amounts needed in any given year are difficult to predict and are largely uncontrollable by County officials. The County demonstrates its responsibility to fund these statutory duties by including reasonable amounts in the annual budget, even though the amounts are difficult to predict and may vary significantly from year to year. To the extent the appropriations are unused and lapse in any given year, the resources remain in the fund and are not allocated toward other purposes except through the annual budget process.

The County monitors spending ratios and variances and adjusts appropriation methodologies in keeping with significant changes or emerging trends.

The relationship of fund balance resources to annual revenues and expenditures in the General Fund, the County’s primary operating fund, is further illustrated in the chart on the following page. The chart illustrates the extent to which revenues exceeded expenditures for several years, resulting in an increase in net fund balance. A portion of the accumulated net fund balance is incorporated into the 2020 spending plan as a planned use of fund balance.

All funds are budgeted to be solvent at the end of fiscal year 2020. In addition, the fund balances for the major funds are projected to equal or exceed the minimum level established by County Commission policy.

### **General Government Operations (15.6% of total expenditures)**

The 2020 budgetary increase is due to the salary increases described earlier (2020 Budgetary Issues and Solutions) and the increased appropriations for elections.

### **Public Safety and Judicial (35.3% of total expenditures)**

The 2020 budget includes funding for salary increases; however, the budget also reflects a “vacancy and turnover” adjustment, which reduces budgetary appropriations. Fiscal year 2019 was the first year to implement this budgetary adjustment. Sheriff, Corrections, and the Courts have experienced increasing and significant budgetary variances associated with vacancies and turnover; implementing an adjustment within the budget is intended to more accurately reflect real anticipated spending. The amount of budgetary adjustment to be applied to the annual budget will be reviewed as part of the annual budget process.

The increase is attributable to the additional grant-funded traffic officer, increasing two part-time warrant specialist positions to full time, and the annual service costs associated with the replacement in-car video and body camera system.

### **Environment, Protective Inspection, and Infrastructure (24.5% of total expenditures)**

Spending in this functional area includes all appropriations within the Road and Bridge Fund as well as appropriations in the General Fund for activities such as planning and zoning and building code inspections, *net* of fixed asset appropriations (i.e., new and replacement equipment) which are included in Capital Outlay. The fiscal year 2019 budget included \$3.0 million in “one-time” funding for a subdivision concrete rehab/replacement project and an additional \$700,000 for large culvert and bridge replacements. These appropriations have been removed from the fiscal year 2020 budget.

## **Community Health and Public Services (17.5% of total expenditures)**

The increase in this area is attributable to the funding allocations approved by the Boone County Children's Services Board (BCCSB). The nine-member commission-appointed Board is responsible for establishing policies and funding allocations for services to be paid from the proceeds of the one-quarter cent permanent sales tax for community children's services approved by voters in April 2013. Sales tax proceeds have accumulated in the Community Children's Services Fund since the tax became effective in 2013. Portions of the accumulated resources (i.e., net fund balance) were budgeted in fiscal years 2016, 2017, 2018, and 2019. Approximately \$5.5 million of net fund balance is budgeted for service contracts in fiscal year 2020 which accounts for the overall increase in this functional area. At such time that the accumulated resources have been fully utilized, the annual operating budget should be consistent with annual operating revenues, which is approximately \$7.0 million.

## **Fixed Assets (New and Replacement) (5.6% of total expenditures)**

Each year, the budget includes funding for investment in new and replacement fixed assets. This category includes appropriations for machinery and equipment, vehicles, computer hardware and software, and furniture and fixtures. This type of capital expenditure is sometimes referred to as "pay-as-you-go" capital, because it is fully incorporated into the annual operating budget for a given department rather than included in a capital improvement plan or in a separate capital budget. In the schedules above, all appropriations relating to fixed assets, across all functional areas, are combined and presented within this category. [A detailed schedule of these appropriations is presented in the *Personnel and Fixed Asset Expenditure Summaries* tab section.]

Established replacement schedules provide general guidelines in developing these appropriations which are listed under Priority #3 on page 6 of the Budget Message.

## **Debt Service (1.3% of total expenditures)**

The \$1.13 million debt service payments included in the 2020 budget consist of \$966,000 to be paid from County resources and \$161,000 to be paid from assessments received from property owners participating in the County's road and sewer Neighborhood Improvement District programs.

As mentioned previously, property tax levies are not required for debt service. Additional information regarding the County's long-term debt is presented later in this Budget Message and in the *General Information* tab section.

## **Other Expenditures (0.2% of total expenditures)**

This category of expenditure includes economic support for Regional Economic Development Inc. (REDI), funding for the Missouri Show-Me Games, and miscellaneous paying agent fees associated with long-term debt.

## **Changes in Personnel Staffing Levels**

The changes in employee staffing levels county-wide reflect a **net increase of 0.72 FTEs** and are summarized on the following page.

Excluding the impact of partial-year grant funding for certain positions, the net increase is 4.19 FTEs, of which **1.69 FTE represents a permanent, on-going increase:** 1 FTE Traffic Officer, two .75 FTE positions increased to full-time, and a 0.19 FTE increase in the Juvenile Office Program Assistant hours.

## **Governmental Funds:**

### **General Government Operations: +3.50 FTE net change**

- **County Clerk – Elections and Voter Registration Office:** increase Elections Office Specialist Pool by 5,200 hours (General Fund). This is a result of election cycle activity. *Temporary increase, +2.50 FTE.*
- **County Collector:** add a full-time benefitted Deputy Collector (General Fund), transferring the position from the Tax Maintenance Fund (TMF) accompanied by a Memorandum of Understanding which provides reimbursement from the TMF to the General Fund *net increase, 0.00 FTE, benefitted.*
- **Information Technology:** add a full-time benefitted Systems Administrator (General Fund), transferring the position from the 911/EM fund (see Public Safety and Judicial – 911/Joint Communications below). The General Fund will receive reimbursement through the established indirect cost recovery methodology. *Permanent increase, +1.00 FTE, benefitted.*

### **Public Safety and Judicial – Circuit Court: -1.61 FTE (+0.19 when excluding impact of partial year grant-funded positions)**

- **Juvenile Justice Grants:** decrease hours for two Deputy Juvenile Officers (-1.00 FTE) to reflect the current level of approved grant funding which covers only one-half of the County's budget year (General Fund). *Grant-related decrease, -1.00 FTE, benefitted.*
- **Juvenile Justice Grants:** decrease hours for Domestic Assault Court Coordinator (-0.80 FTE) to reflect the current level of approved grant funding (General Fund). *Grant-related decrease, -0.80 FTE, benefitted.*
- **Juvenile Office:** increase part-time non-benefitted Program Assistant pool position hours by 400 (+0.19 FTE) to bring budgeted hours in line with actual hours worked (General Fund). *Permanent increase, +0.19 FTE, non-benefitted.*

### **Public Safety and Judicial – Sheriff/Corrections: -0.17 FTE (+1.50 excluding impact of partial year grant-funded positions)**

- **Sheriff's Office:** increase two (2) 0.75 FTE benefitted Warrant Specialist positions to full-time positions (General Fund). *Permanent increase, +0.50 FTE, benefitted.*
- **Sheriff's Office:** decrease hours for one Deputy Traffic Officer (-.25 FTE) to reflect the current level of approved grant funding which covers only 9 months of the County's budget year (General Fund). *Grant-related decrease, -0.25 FTE, benefitted.*
- **Sheriff's Office:** increase hours for an additional Deputy Traffic Officer (+.75 FTE) to reflect the current level of approved grant funding which covers 9 months of the County's budget year (General Fund). *Grant-related decrease, +0.75 FTE, benefitted.*

- **Internet Crimes grant-funded positions:** reduce hours to reflect grant funding which currently is approved through May 2019 (-1.17 FTE). The County expects to request renewal of the grant funding (General Fund). *Grant-related decrease, -1.17 FTE.*

#### **Public Safety and Judicial – 911/Joint Communications: -1.00 FTE**

- **Information Technology:** remove a full-time benefitted Systems Administrator (General Fund), transferring the position to the General Fund (see General Government Operations above). The 911/Emergency Management Sales Tax Fund will reimburse the General Fund through the established indirect cost recovery methodology. *Permanent decrease, -1.00 FTE, benefitted.*

The Sheriff's Department requested funding for eight (8) additional Deputy officers which were not included in the budget due to insufficient resources. The annual salary and benefits for 8 officers totals approximately \$525,000 and vehicle, equipment, and all other non-personnel costs total approximately \$502,000. It is unclear at this time if the requested eight (8) officers would address the complete staffing needs of the Sheriff's Department.

## **Capital Improvement Projects**

The County's infrastructure-related improvement projects are small-scale and funded on a pay-as-you-go basis from the annual operating revenues in the Road and Bridge Fund. As a result, they are budgeted and accounted for within the Road and Bridge Fund annual operating budget.

Large-scale capital improvement projects occur infrequently and consist primarily of facility-related projects; these projects are budgeted and accounted for within one or more capital project funds. Projects of this nature typically require several years to complete. Because of this, it is important to present this information separate from the annual operating budget. Please refer to the *Capital Project Budgets* tab section for information regarding the County's capital projects.

## **Fund Balances**

The County maintains minimum fund balances in its major operating funds. *Fund balance* is the difference between the assets and liabilities within each fund. For external reporting purposes (in accordance with generally accepted accounting principles), fund balance is classified as either nonspendable, restricted, committed, assigned, or unassigned. For budgeting purposes, however, it is important to identify and exclude fund balance amounts that are unavailable for appropriation in the given year. For instance, the entire fund balance for the Law Enforcement Services Fund is classified as "restricted" for external reporting purposes because the use of the fund's resources is restricted by state statute; however, for budgeting purposes, portions of fund balance have been set aside for certain specific future purposes and these amounts need to be excluded for purposes of setting the current year's annual appropriations.

To accomplish this, amounts that are unavailable for appropriation in the given budget year are excluded in arriving at "**net fund balance**". This terminology departs from the terminology required and used for external financial reporting.

The schedule below shows the projected net fund balance amounts at the end of fiscal year 2020 for the County's major funds, nonmajor funds, and all governmental funds combined

(except capital project funds). The County Commission has established a minimum fund balance of two-month's expenditures (or 17%) for the major funds to ensure adequate cash flow and avoid short-term borrowing. As demonstrated below, all major funds are projected to meet or exceed the minimum fund balance requirement except for the Road and Bridge Fund. As previously discussed, the 2020 budget reflects significant non-recurring expenditures (planned use of fund balance) which accounts for the decline; County officials expect the minimum fund balance requirement to be achieved in fiscal year 2020 as demonstrated in the table below.

## Projected Net Fund Balances at December 31, 2020

	-----Major Funds-----						
	General Fund	Road and Bridge Fund	Law Enforcement Services Fund	Community Children's Services Fund	911/ Emergency Management Fund	Nonmajor Governmental Funds	All Governmental Funds
Projected Fund Balance 12/31	\$ 14,109,168	8,555,706	1,986,145	6,799,592	20,894,187	7,959,477	60,304,275
Less: Fund Balance Unavailable for Appropriation	(343,675)	(5,000,000)	(1,293,600)	-	(10,300,000)	(622,811)	(17,560,086)
Projected Net Fund Balance	\$ 13,765,493	3,555,706	692,545	6,799,592	10,594,187	7,336,666	42,744,189
As a percent of expenditures	42%	17%	17%	55%	102%		
# of months expenditures	5.1	2.0	2.0	6.6	12.3		

**Fund Balance Unavailable for Appropriation:** this includes amounts that are required for encumbrances, restricted assets, and long-term receivables such as those associated with the Neighborhood Improvement District projects where bonds have not yet been issued. It also includes resources ear-marked for specific future purposes. The County currently designates a portion of the Law Enforcement Services Fund for future out-of-facility inmate housing. In addition, a portion of the resources within the Road and Bridge Fund have been set-aside to provide funding for one or more large-scope infrastructure projects that would entail a collaborative funding arrangement. Resources within the 911/Emergency Management Fund have been set-aside for non-recurring technology and facility improvements. Detailed information for each fund is available in the Fund Statements section of this document.

The **net fund balance** is intended to meet three primary objectives. **First**, net fund balances provide resources to meet cash flow requirements and avoid short-term borrowing.

**Secondly**, to the extent fund balance amounts exceed the minimum requirement, it provides contingency funds in the event the County experiences a revenue shortfall, an economic slow-down, or an unforeseeable emergency. This is sometimes referred to as *revenue stabilization* funds. Using fund balance in this manner allows the County to continue operations without disruption during an unexpected period of revenue decline or unforeseen emergency. Given the County's significant dependence on sales tax revenue and the increased exposure to its inherent volatility, the County desires to maintain higher fund balances in its primary operating funds, especially the General Fund.

**Thirdly**, it allows for financial planning and tax rate stability. For instance, the County will frequently maintain increased net fund balances in the General Fund in off-election years in order to pay for election costs in even numbered years. This approach ensures that the County has sufficient resources without having to increase the property tax rate. In the event the County Commission determines that actual fund balance levels exceed identified needs and that the amounts truly are "surplus", the County's policy is to commit these funds to capital or non-recurring needs.

For additional information regarding the County's Fund Balance Policies, please refer to the *Fiscal and Budget Policies* which are presented in the *General Information* tab section.

The table on the following page shows the projected changes in fund balances for the coming budget year.

## Projected Changes in Fund Balances at December 31, 2020

	-----Major Funds-----						
	General Fund	Road and Bridge Fund	Law Enforcement Services Fund	Community Children's Services Fund	911/ Emergency Management Fund	Nonmajor Governmental Funds	All Governmental Funds
Projected Fund Balance 12/31	14,109,168	8,555,706	1,986,145	6,799,592	20,894,187	7,959,477	60,304,275
Projected Fund Balance 1/1	\$ 16,868,924	11,572,830	2,548,781	12,305,279	21,363,428	9,300,133	73,959,375
Projected Change in Fund Balance	\$ (2,759,756)	(3,017,124)	(562,636)	(5,505,687)	(469,241)	(1,340,656)	(13,655,100)
Percentage Change	-16%	-26%	-22%	-45%	-2%	-14%	-18%

As previously discussed, the expected change in fund balance in the General Fund is primarily due to allocating fund balance for the statutory Emergency Appropriation as well as the planned use of fund balance for replacement fixed assets, election costs, and non-recurring projects. Also, as previously noted, the County does not fully expend appropriations each year and this trend is expected to continue. As a result, although a reduction in fund balance in the General Fund is budgeted, it is likely that such reduction will be less than the amount reflected above.

The projected change in the fund balance in the Road and Bridge Fund is due to the \$2.0 million contractual payment to MoDOT for the I-70 bridge project as well as using fund balance resources to cover the cost of machinery and equipment replacement.

The projected change in fund balance in the Law Enforcement Services Fund is primarily due to negative revenue growth, emergency appropriation and planned equipment and vehicle replacements.

The projected change in the Community Children's Services Fund is due to the fiscal year 2020 budget allocations including amounts which accumulated in the fund during prior fiscal years. This represents a *timing difference* between the fiscal year in which the revenues were received and the fiscal year in which they will be spent.

The projected decrease in the 911/Emergency Management Fund is due to the inclusion of significant non-recurring appropriation related to radio infrastructure improvements.

The decline in non-major governmental funds is primarily attributable to equipment replacement and computer technology. In addition, the projected decline reflects a budget practice used by appropriating authorities for several of the County's special revenue funds. Each fiscal year, the majority of available fund balance is budgeted in a contingency line-item appropriation. This enables the appropriating authority to authorize budget transfers as needed throughout the year without going through the statutory budget amendment process. In many instances, the contingency funds are unused throughout the year which results in a higher opening fund balance for the following year. This use of a contingency appropriation creates the appearance of a "spend down" of fund balance, but it is unlikely to occur.

# Long-Term Debt

A schedule of outstanding debt for Boone County as of January 1, 2020 is presented in the *General Information* section of this document. Debt service appropriations included in the fiscal year 2020 Budget amount to \$1.13 million or 1.3% of the total budget (all governmental funds combined, excluding capital project funds). As previously noted, no tax levies will be required for debt service. Debt service expenditures consist of the following:

- \$869,000 - principal and interest for the Series 2015 Special Obligation bonds issued to construct the Emergency Communications Center which are being retired through debt service transfers from the 911/Emergency Management Sales Tax Fund;
- \$160,000 – principal and interest for several general obligation bond series associated with the Neighborhood Improvement District (NID) program which are being retired through special assessments;
- \$97,000 –principal and interest for taxable special obligation bonds used to finance the construction of the Sheriff’s Annex and Election Warehouse facility which are being retired through a combination transfers from the General Fund and the Sheriff Civil Charges Fund.

The County’s legal debt limit is equal to ten percent of net assessed value. Total assessed valuation at January 1, 2020 is expected to exceed \$3.0 billion which results in a legal debt limit of approximately \$300,000,000. Please refer to the debt limit calculations included in the long-term debt information in the *General Information* tab section. At this time, the County intends to issue additional general obligation debt associated with the NID program and this debt will be retired through special assessments.

## *Awards and Acknowledgements*

The County’s Budget for fiscal year 2019 was awarded the Distinguished Budget Presentation Award from the Government Finance Officers Association (GFOA). The Budget Award Program is designed to improve the quality of budget information prepared by local governments for the benefit of its citizens and decision makers. The County has received this award since 1997.

## Conclusion

In closing, I wish to acknowledge the significant contribution of all those who assisted in the preparation and analysis of this data, including county officials and the staff of the Boone County Auditor’s Office, whose effort and commitment to excellence have made this document possible.

Respectfully Submitted,

*s/s June Pitchford*

Boone County Auditor  
Budget Officer

# Entity Structure and Organization

Boone County is situated in Central Missouri and is dissected by Interstate 70 and US Highway 63. It is a fast-growing county known for its highly educated work force, low cost of living, award-winning schools, and unique blend of rural and urban lifestyles. The County covers 685 square miles and contains thirteen population centers consisting of cities, towns, villages, and small communities. The City of Columbia, the largest population center in the county, is the county seat. The County is empowered to levy a property tax on both real and personal property located within its boundaries.

The County was organized in 1821 under applicable state statutes and continues under the same form of government to this day. The structure and operations of the County are governed by state statute rather than by local charter with many of the County's daily operations supervised by full-time elected officials serving four-year terms of office. These elected officials include the Sheriff, Prosecuting Attorney, Recorder of Deeds, Collector of Revenue, Auditor, Assessor, County Clerk, Treasurer, Public Administrator, and County Commissioners. In addition, the Circuit Court Clerk, Associate Circuit Judges, and Circuit Court Judges are elected to four-year terms; however, their salaries are paid by the state.

To the extent allowed by state statute, policymaking and legislative authority are vested in the County Commission, which consists of a Presiding Commissioner and two Associate Commissioners, each of whom serve full time and are elected to four-year terms. The County Commission is responsible, among other things, for passing ordinances, appointing committees, and hiring certain departmental directors and managers (Information Technology, Resource Management, Road and Bridge Maintenance Operations, Human Resources and Risk Management, Purchasing, and Facilities Maintenance). The Commission also appoints the Medical Examiner and the County Counselor (legal advisor). The County Commission is responsible for all County property and for adopting the annual budget. The County Commission has appropriating authority for the County's major operating funds as well as numerous special revenue funds, debt service funds, capital project funds, and internal service funds. However, individual elected officials other than the Commission have appropriating authority over numerous special revenue funds, all of which are included in the annual budget. The Presiding Commissioner is elected at large and the two Associate Commissioners are each elected from within their respective district. All other elected officials also serve four-year terms and are elected at large.

# History of Boone County

Boone County's geographic position, its plentiful natural resources, the largely southern culture of its early settlers, and the cautious but progressive approach to changing world conditions that characterized its ever-growing population have combined to make it one of the major players in Missouri's colorful history.

At the beginning of the 19<sup>th</sup> century, it was a region populated by Native Americans. Its largely uncharted land made up part of the Louisiana Purchase of 1803 which was explored by Meriwether Lewis and William Clark the following year. An even earlier resident was Daniel Boone, already a legendary explorer and frontiersman when he immigrated to the wilderness on the Femme Osage Creek in St. Charles County in 1795.

Daniel Boone's death at Marthasville in 1820 came but two weeks before the territorial legislature (their members wearing black arm bands to honor his memory) acted favorably on petitions to organize a new territorial county to be named in Boone's honor, one of 39 counties eventually carved from a once-gigantic Howard County land area. Ironically, it's not clear whether Daniel Boone ever visited the county named in his honor, although his sons, Nathan and Daniel M. established a salt lick in adjacent Howard County and the road between St. Charles and the newly-settled county was the "Boons' Lick road" without the "e." (In fact, historians differ not only as to the precise date of Daniel Boone's birth, but also whether his last name ended with an "e". The "e" won largely because of documents bearing his signature.)

Records indicate the first immigrants to the area were mostly southern in makeup, largely from Kentucky; those origins influenced the social and economic development of the area, creating an early interest in education, the arts and politics even amidst the harsh frontier living conditions. The first known white settlement, founded in the winter of 1812, was at Thrall's Prairie, 12 miles northwest of present-day Columbia and four miles north of Rocheport.

Boone was organized as a "territorial county" in September, 1820, nine months before Congress bestowed statehood on Missouri. The population at that time was 3,692. By 1830, it was 8,859; by 1850, nearly 15,000; by 1860, nearly 19,500; and by 1880, the population had grown to more than 25,000. A group of investors formed the Smithton Land Company to develop a "seat of justice" (county seat) for the intended new county and in the winter of 1818-19, laid out the village of Smithton roughly around present-day Garth and Walnut streets in Columbia. However, an inadequate water supply aborted Smithton's growth. Residents moved a half mile east across Flat Branch Creek to create the new town of Columbia, using the same grid format and claiming a name then in use in some variation in 32 states. Columbia's first house was a cabin built at 5<sup>th</sup> and Broadway in 1820-21. A growing population and expanded commerce due to steamboat access to St. Louis suggested a prosperous future for the towns of Rocheport and Persia; the latter even competed to be the county seat. However, the building of a rail line from St. Charles through northern Boone County replaced the steamboat as a major carrier of goods and passengers. Today, Rocheport is a village showing renewed vigor as a tourist attraction and antique-collectors' paradise. Persia no longer exists.

As early as 1820, the Act of Congress authorizing the people of Missouri to draft a state constitution and to form a state government included a provision setting aside land for a "seminary of learning". The first state constitution adopted that year provided for "a university" and the means to fund it. Months of legislative maneuvering, lobbying, and pledges of funds from counties wanting to host the site of

## History of Boone County cont'd

the university culminated with the General Assembly's designation in 1839 of Columbia. Boone County residents had pledged more than \$117,000—more than any of the competing counties. A major contributor was James S. Rollins, a prominent figure in Boone County history (at various times a member of the General Assembly, the U.S. House of Representatives, United States Senator, and member of the University Board of Curators). His pledge included much of his own land holdings (now part of the campus). Lesser known was Edward Camplin, a man who could neither read nor write but pledged \$3,000, a sizeable amount at the time. His contribution, and those of numerous other county residents, reflected not only the excitement of competition, but also the vast community support for higher education. Crowds of on-lookers demonstrated that interest again at the dedication July 4, 1843, of the new “principal edifice,” the administration/classroom/museum building that subsequently burned in 1892 when again the pledges of townspeople led to the decision to rebuild the university in Columbia.

Boone County was a slave-holding county in the middle of the only slave-holding state west of the Mississippi River. Except for brief periods of time, Columbia was occupied by Union forces from December 1861 until August 1865. For a time in 1862, the University closed and its buildings were occupied by the military. Boone's population, like that of the state as a whole, was split on the slavery issue; a “Southern Rights” meeting in April 1861 adopted resolutions condemning President Lincoln, supporting “our southern brethren,” and urging Missouri join the other southern states in secession. A “Union meeting” a few weeks later adopted resolutions pledging support of the Union and urging Missouri to remain neutral in the Civil War, but to be prepared to defend against invaders. There were skirmishes in and about Boone County, but the main battles were elsewhere. In 1864, as “bushwhackers” became a major problem, one such group perpetrated the Centralia Massacre. A band of guerillas lead by Bill Anderson robbed and plundered the town of Centralia on September 27, 1864 and then ambushed a train carrying about 150 passengers, including 23 newly discharged federal soldiers. The soldiers were ordered to leave the train, line up, were stripped and shot, their papers and personal effects removed. The train and depot were burned. A few hours later, a detachment of federal troops in pursuit of the guerillas rode into a trap and 108 more were killed. While exact figures as to the number of Boone County men involved in the war are not known, it's estimated about 500 wore Union blue and an equal number Confederate Gray.

The Boons' Lick road gave way to U.S. Highway 40, which largely was replaced with Interstate 70; that part of I-70 in Missouri was the first statewide section of interstate highway to be completed. Boone's strategic and easily-accessible location, midway between St. Louis and Kansas City and 30 miles from the Capitol at Jefferson City, together with its educational and medical facilities, its professional and business economy and its non-polluting industries, have made it one of Missouri's fastest-growing counties. Columbia consistently has been ranked by various national publications as “one of the best” places to live, to retire, and to raise a family. Its cost of living is below the national average and its public schools rank among the best in a town internationally known as the “Athens of Missouri” because it's the home of the state university, Columbia College, and Stephens College.

# Organizational Chart

# Budget Calendar and Process

Boone County's budget process is governed by the Revised Statutes of Missouri (RSMo) 50.525-50.641. Boone County is a first class non-charter county where the County Auditor serves as Budget Officer.

The annual budget process begins in late June or early July with a preliminary budget meeting with all elected officials and department directors. The purpose of this meeting is to provide an overview of the County's current financial condition, to identify and discuss emerging budget issues, and to invite comments, questions, and discussion with elected officials and department directors. Soon after, the Auditor develops preliminary revenue projections for the major funds and distributes budget instructions to all elected officials, department directors, and outside entities. Research and analysis pertaining to salary and wage increases as well as benefit costs is initiated at this time.

The County Commission meets with their appointed department directors and managers as needed to provide input and review of their budget requests prior to submission to the Budget Officer.

The Circuit Court is required to submit its official budget request to the County Commission by August 15<sup>th</sup> of each year. The Court Administrator and the County Auditor meet to review and discuss the Court's budget request before it is presented to the County Commission.

All other budget requests are due to the Auditor on or before September 1<sup>st</sup>. During September, the Auditor and Commission review revenue forecasts and develop consensus revenue figures. They also review salary and wage information and develop a consensus target for the personnel budget. During October, the Commission and Auditor schedule work sessions with other elected officials to discuss operational goals and budgetary needs.

During September or October, the County Commission holds at least one public hearing for the purpose of obtaining public input prior to developing the overall county budget, as required by state statute. The County Auditor prepares the Proposed Budget by November 15<sup>th</sup> and the Commission conducts public hearings during late November and early December. The Commission makes final changes to the budget and formally adopts the budget. The target adoption date is mid-December.

The following provides an overview of the budget process and important statutory dates.

- **July:** County Auditor develops and distributes budget guidelines and instructions to each elected official and department head
- **July and August:** County Commission meets with department directors to provide input and review of departmental budget requests.
- **August 15<sup>th</sup>:** Statutory deadline for the Circuit Court to submit budget request
- **September 1<sup>st</sup>:** Statutory deadline for submitting budget requests to Auditor
- **September 10<sup>th</sup>:** County Auditor prepares budget requests for offices and agencies not submitting requests by this date

## Budget Calendar and Process cont'd

- **September and October:** County Auditor reviews budget requests and meets with elected officials, department directors, and County Commission, as necessary
- **November 15<sup>th</sup>:** County Auditor delivers Proposed Budget to County Commission
- **November 15<sup>th</sup>through December 15<sup>th</sup>:** County Commission holds public hearings on the Proposed Budget
- **Mid-December:** target adoption of the budget
- **January 10<sup>th</sup>:** Statutory deadline for adoption of budget by the County Commission (The statutory deadline is January 10<sup>th</sup> except in a year in which the terms of any county commissioners expire; in those years, the deadline is January 31<sup>st</sup>.)

## Budget Revisions and Budget Amendments

Occasionally the County will encounter a need to either revise the existing budget to reflect a change in the use of an appropriation or to amend the budget to approve increased spending authority of a specific fund. These are referred to as budget adjustments and are governed by the County's Budget Adjustment Policy, authorized in Commission Order # 4-2014, which is included in the Appendix section of this document.

# **Statutory Provisions Governing Circuit Court Budgets**

The Circuit Court Clerk is charged with the responsibility of transmitting the Circuit Court's budgets, as approved by the court en banc, to the Budget Officer on or before September 1st of each year. Additionally, the Presiding Judge of the Circuit Court, or his designee, is required to meet with the County Commissioners and the Budget Officer no later than August 15th of each year in order to "confer and discuss with them the Circuit Court's estimates of its requirements for expenditures and its estimates of its revenues for the next budget year" (RSMo Chapter 50, sections 640-642). The statutes require that the Budget Officer include the Circuit Court's budget estimates in the County's budget without change; any change in the estimates requires the consent of the Circuit Court or the Circuit Clerk. In the event the governing body finds the Court's estimates to be unreasonable, it may file a petition with the Judicial Finance Commission. When this course of action is pursued, every attempt is made to resolve the dispute prior to the beginning of the fiscal year in question. If this is not possible, an amount equal to the budget estimates in question is placed into a separate escrow account and is not expended until a final determination is obtained.

# Description of the Accounting and Budgeting System

The County adopts an annual budget for its calendar fiscal year in the manner set forth by Missouri statutes. As described below, county operations are accounted for in many different funds and individual budgets are adopted for each of these funds. The County Commission is the appropriating authority for all funds except certain special revenue funds for which another elected official has been named as the appropriating authority by state statute. (Refer to the Overview and Description of Special Revenue Funds and Other Funds in the General Information section.) However, it is common to refer to these individual fund budgets collectively as “the County Budget”. State law requires all budgets to be balanced and annual operating budgets are required for all funds from which monies are expended. Budgets may be amended and revised throughout the year in accordance with the County’s Budget Adjustment Policy (a copy is included in the Appendix Section). Aggregate financial data for each individual fund as well as summary information for groupings of various funds is presented in the Financial Summaries section of this document.

In addition to preparing an annual budget each year, the County prepares annual financial statements and obtains an independent audit of those financial statements. In preparing its budget, the County uses a slightly different basis than in preparing its financial statements. This is described in greater detail below, but the primary difference is that for budgetary purposes, encumbrances (open purchase orders or other budgetary commitments which have not yet created a financial liability for the County) are treated as expenditures, whereas in the financial statements these commitments are not treated as expenditures.

The County administers numerous funds, which are described below. The majority of county operations are accounted for in the County’s major funds which include the General Revenue Fund, the Road and Bridge Fund, the Law Enforcement Services Fund, the Community Children’s Services Fund, and the 911/Emergency Management Fund. However, a complete understanding of the County’s budgetary and financial activities requires a review of *all* the funds. Accordingly, this document is designed to provide a comprehensive overview of the County’s entire financial structure and activities.

This budgetary document contains information for all funds for which the County Commission or another county elected official is the appropriating authority and for which the County Treasurer maintains custody of the monies. The County’s Comprehensive Annual Financial Report (CAFR) contains some funds in addition to those that are presented in this document. Specifically, the CAFR contains financial information for the special revenue funds under the jurisdiction of the Circuit Court which are maintained separately by the Court in its own checking account as well as funds related to the Neighborhood Improvement District (NID) Program, described below, which are not included in this document. Additionally, the County’s CAFR includes various fiduciary funds which are not subject to appropriation and therefore are not included in this budgetary document.

The County implemented the NID program in the early 1990’s. This program allows the County to approve and construct road or sewer projects and then recover the costs of these projects in full from property owners. Periodically, the County issues general obligation bonds for these projects; however, taxes are not levied or collected

## Description of the Accounting and Budgeting System cont'd

to retire the debt because the property owners are responsible for these costs. NID budgets are established as the County Commission approves projects throughout the year. As a result, *NID funds* have been excluded from this document; however, all of the related debt service funds are included and account for the special assessment revenue and principle and interest expenditures. A description of past and current NID projects is included in the Overview and Description of Other Budgets section. It is very likely that additional NID budgets will be approved in the future. Portions of the General Fund are reserved in an amount equal to temporary financing provided by the General Fund during construction. The reservations are released once general obligation bonds are issued.

### Basis of Accounting and Budgeting

---

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported. Basis of accounting relates to the *timing* of the measurements made, regardless of the measurement focus applied.

Boone County uses a different basis of accounting for budgeting purposes than for financial reporting purposes. This is a common practice among governmental entities. In governmental entities, budgets represent legal spending limits and the basis of accounting used for budgeting purposes must therefore account for all commitments and obligations authorized against the legal appropriations, even if no measurable liabilities have arisen from such commitments and obligations. This approach also demonstrates the degree of compliance with the legally-adopted budget.

The basis of accounting used for financial reporting and budgeting purposes are described below.

**Basis of Accounting used for Financial Reporting Purposes—** Boone County complies with all requirements of Generally Accepted Accounting Principles (GAAP) as proscribed by the Governmental Accounting Standards Board (GASB). As a result, the County's Comprehensive Annual Financial Report (CAFR) includes financial statements prepared on two different bases of accounting: the *government-wide statements*, prepared on the full-accrual basis of accounting, and the *fund financial statements*, prepared on the modified accrual basis of accounting.

The ***government-wide financial statements*** report information about the County as a whole. These statements provide both long-term and short-term information about the County's overall financial condition. These financial statements are prepared using a full accrual basis of accounting in order to achieve a more corporate, or private-sector type presentation. A full accrual basis of accounting recognizes expenses when incurred and revenues when earned without respect to the timing of receipt or payment.

The ***fund financial statements*** provide information about groupings of related accounts which are used to maintain control over resources for specific activities or objectives. The fund financial statements for the County provide detailed information about the County's various funds, not the County as a whole. For its governmental funds, the County uses the modified accrual basis of accounting. For its proprietary and fiduciary funds, the County uses the full accrual basis of accounting.

Under the modified accrual basis of accounting, revenues are recorded when both measurable and available. The term "available" is defined as collectible within the

## **Description of the Accounting and Budgeting System cont'd**

current period or soon enough thereafter to be used to pay the liabilities of the current period. For Boone County, “available” is defined as expected to be received within 60 days of fiscal year-end, except for government grants, which is within 270 days of fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due (i.e., matured). Under modified accrual accounting, open encumbrances at fiscal year end are not reported as expenditures; instead they are reported as reservations of fund balance.

The County’s financial reports include three kinds of funds (explained in detail in the next section, Description of Funds):

- (1) Governmental Funds: these funds reflect how general government services were financed in the short-term as well as what financial resources remain available for future spending. Fund financial statements for governmental funds are prepared using the modified accrual basis of accounting described above. Governmental Funds include the General Fund, special revenue funds, debt service funds and capital project funds.
- (2) Proprietary Funds: these funds offer short-term and long-term financial information about services which the County provides through a business-type operation and uses a full accrual basis of accounting. The County operates several internal service funds (for example, for facilities maintenance and housekeeping operations), which are classified as proprietary funds.
- (3) Fiduciary Funds: these funds are used to account for resources held for the benefit of individuals or entities external to the County and use a full accrual basis of accounting.

For full disclosure of the County’s accounting policies, please refer to the County’s Comprehensive Annual Financial Report.

**Basis of Accounting used for Budgeting Purposes**—As mentioned above, the primary focus of the basis of accounting used for budgetary purposes is to measure the degree of compliance with legally-adopted spending limits. In doing so, the budgetary basis of accounting identifies resources available to the County to provide services for the current fiscal year as well as all expenditures that will be required during the fiscal year. As a result, the budgetary basis of accounting includes encumbrances (purchase orders, contracts, and other commitments) as the equivalent of expenditures. These items would not be recognized or reported as expenditures for financial reporting purposes; instead, they would be reported as reservations of fund balance.

## **Description of Funds**

---

The accounting and budgeting systems are both based on funds; and, as is the case with most governmental entities, Boone County maintains numerous funds. Each fund is considered a separate accounting entity. Operations of individual funds are accounted for with a separate set of accounts that consists of its assets, liabilities, fund equity, revenue and expenditure or expenses, as appropriate. County resources are accounted for in each fund based on the purpose for which they are spent. Most of

## **Description of the Accounting and Budgeting System cont'd**

the funds are required by law and have been established to provide proper tracking of the income and expenses of the County. A short description of each fund type follows.

**Governmental Funds** are used to account for governmental activities.

### **■ General Fund (a major fund)**

The General Fund is the primary operating fund for the County and is used to account for the basic operations of the County that are financed from all of the general taxes and revenues collected by the County. Operations funded in the General Fund are frequently augmented with resources accounted for in a special revenue fund. For instance, law enforcement services are primarily financed with appropriations from the General Fund, but are supplemented with appropriations from the Sheriff's Training Fund (a special revenue fund).

### **■ Special Revenue Funds**

Special Revenue Funds are used to account for the proceeds of revenue sources (other than expendable trusts or major capital projects) that are restricted as to use.

#### **▪ Road and Bridge Fund (a major fund)**

This fund accounts for restricted revenues including a property tax, a one-half cent sales tax, the County's portion of the gasoline tax (CART), and other similar revenues. These revenues may only be used for road and bridge maintenance and improvements.

#### **▪ Law Enforcement Services Fund (a major fund)**

This fund accounts for the permanent one-eighth cent law enforcement sales tax revenues and related expenditures.

#### **▪ Community Children's Services Fund (a major fund)**

This fund accounts for the permanent one-fourth cent sales tax revenues which provide funding for counseling, family support, and temporary residential services to children.

#### **▪ 911/Emergency Management (a major fund)**

This fund accounts for the permanent three-eighths cent sales tax revenues which provide funding for county-wide 911 and emergency management activities.

#### **▪ Other Special Revenue Funds**

The Statutes of the State of Missouri set out several special funds that are maintained by the County. Some examples of these statutory funds are the Record Preservation Fund, the Bad Check Collection Fund, the Sheriff's Training Fund, and several others. The County is responsible for accounting for all income and expenses for each of these special activities; therefore, the special funds are separately maintained. On occasion, the County may establish a special revenue fund to account for revenues set aside for a restricted purpose, even though such treatment is not required by state statute.

### **■ Debt Service Funds**

Debt Service Funds are used to account for the accumulation of resources for and the payment of general long-term principal, interest, and related costs. Some examples of these funds are the Nursing Home Bond Fund and the Bridge Bond Fund.

## Description of the Accounting and Budgeting System cont'd

### ■ Capital Projects Funds

Capital Projects Funds are used to account for financial resources which are used for all acquisition or construction of major capital facilities.

### ■ Neighborhood Improvement District Funds

The statutes of the State of Missouri allow the County Commission to create Neighborhood Improvement Districts (NIDs). Current county policy provides for the formation of such districts only for the purpose of financing roadway and sewer improvements. The property owners within a NID pay for such improvements through a special assessment. Each NID fund accounts for all expenditures associated with the improvement project and the subsequent special assessment revenues.

**Proprietary Funds** are governed by the same accounting standards which apply to private business. Proprietary funds may include both enterprise funds and internal service funds.

### ■ Internal Service Funds

Internal Service Funds are used to account for activities that produce services to be provided to other county departments on a cost-reimbursement basis. For instance, the Self-Health Trust fund accounts for the operations of the County's Self-Insured Health Plan for county employees and the Building and Grounds fund accounts for facilities maintenance and housekeeping activities.

### ■ Enterprise Funds

The County does not operate any business-type activities and therefore does not use enterprise funds.

**Fiduciary Funds** are used to account for the County's custodial or fiduciary activities pertaining to various trust and agency funds. Note: The County does not budget these funds because the resources and assets of these funds do not belong to the County and therefore cannot legally be appropriated by the County Commission for county purposes.

### ■ Private Purposes (Non-Expendable) Trust Funds

The County serves as trustee for several non-expendable trusts. Corpus amounts are to remain intact while investment income is used for the activities specified in the trust documents.

### ■ Trust and Agency Funds

Trust and Agency Funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

## Overview of the Fund-Department-Account Code Structure

---

Each line item in the accounting system consists of three elements: the fund number, the department number, and the account number.

## Description of the Accounting and Budgeting System cont'd

**Fund Numbers** are identified by a unique three-digit number. The first digit of the fund number denotes the fund family to which the fund belongs. For instance, 1XX denotes the general fund family; 2XX denotes the special revenue fund family; 3XX denotes the debt service fund family; 4XX denotes the capital projects fund family; 5XX denotes the Neighborhood Improvement District (NID) fund family; 6XX denotes the internal service fund family; and, 7XX denotes the agency and trust fund family.

**Department Numbers** are four (4) digit number assigned to each department. Departments within the general revenue fund begin with the digit "1". For all other departments, the first three digits of the department number represent the fund number. For example, the department numbers for Public Works include #2040, #2045, and #2049. These budgets are included in the Road and Bridge Fund, #204, which belongs to the special revenue fund family.

**Account Numbers** are used to break revenue and expense accounts into various categories, or classes. For expenditures, budgetary control is exercised at the class level. These accounts are briefly described below by account name, number, and description.

### ■ Revenue Accounts

- **Property Taxes - 03000-03099**  
Real estate and personal property tax levied on the assessed valuation of real estate and personal property.
- **Sales Taxes - 03100-03199**  
Taxes imposed on the sale or use of selected goods and services.
- **Franchise Taxes - 03200-03299**  
This tax is levied on certain franchises, i.e. cable television.
- **Licenses and Permits - 03300-03399**  
Fees for special types of licenses and permits required by state statutes, i.e. marriage licenses, liquor licenses.
- **Intergovernmental Revenues - 03400-03499**  
Revenues from other governments in the form of grants, entitlements, and reimbursements.
- **Charges for Services - 03500-03599**  
Charges for current services such as court costs, collection fees, and charges for copies and transcripts.
- **Fines, Forfeitures, And Contractual Forfeits - 03600-03699**  
Fines include monies derived from fines and penalties imposed for the commission of statutory offenses and violations of lawful administrative rules and regulations. Forfeitures include bonds forfeited in criminal cases. Contractual forfeits include any monies derived from confiscating deposits held as a performance guarantee.
- **Interest - 03700-03799**  
Income on all long term and short-term bank deposits and other investments.
- **Miscellaneous - 03800-03899**  
Includes such items as rental income, sales of county property, and miscellaneous reimbursements.

## **Description of the Accounting and Budgeting System cont'd**

- Other Financing Sources - 03900-03999  
This would include proceeds from general long-term debt and inter-fund operating transfers.
- Expenditure Accounts-- budgetary control is exercised at the class level.
  - Personal Services - 10000-19999 (Class 1)  
Includes expenses for salaries, wages, and related employee benefits for full-time and part-time employees of the County. Employee benefits include social security, group life, health and dental insurance, workers compensation insurance, and other similar employee benefits.
  - Materials and Supplies - 20000-29999 (Class 2)  
Includes expenses for such items as rock and asphalt for the county road system, office supplies, paper and printing supplies, and inmate meals and supplies. These are the expendable items used in the daily operation of each office or department.
  - Dues, Travel and Training - 30000-39999 (Class 3)  
Includes expenses for such items as membership dues to professional organizations (i.e., engineers and attorneys), national, state, and local organizations (National Association of Counties, Government Finance Officers Association, etc.), registration fees for conferences and training courses, and reimbursable expenses.
  - Utilities - 40000-49999 (Class 4)  
Includes expenses such as telephone, natural gas, electricity, and water as provided to county offices and departments.
  - Vehicle Expense - 50000-59999 (Class 5)  
Includes expenses related to the operation of a department's vehicles such as gas, oil, tires, repairs, etc. and reimbursable mileage expense for each office and department.
  - Equipment and Building Maintenance - 60000-69999 (Class 6)  
Includes repairs and maintenance to all county-owned buildings such as the Courthouse, Jail, Road and Bridge Department, etc. and repairs and service contracts for county-owned equipment including typewriters, computers and printers, copy machines, etc.
  - Contractual Services - 70000-79999 (Class 7)  
Includes cost of building use charges, legal services, equipment leases, and outside and professional services (engineering fees, survey fees, private contracts for road construction, etc.).
  - Other - 80000-89999 (Class 8)  
Operational expenses not classified above such as public notices, advertising for employment opportunities/bid proposals, meeting expenses, etc.
  - Fixed Asset Additions - 90000-99999 (Class 9)  
Includes major building and equipment purchases (vehicles, computer equipment, office furniture and equipment, buildings and improvements, road graders, computer software, etc.).

# Overview and Description of Special Revenue and Other Funds

Fund No.	Fund Name	Description
<b><i>Special Revenue Funds</i></b>		
200	Special Building Projects-Citizen Contributions Fund <i>Currently inactive</i>	<p>This fund is established and governed by local policy.</p> <p>It accounts for the occasional citizen contributions (such as for the Courthouse Plaza) which are ear-marked for specific building projects. The County Commission approves the budget.</p>
201	Assessment Fund	<p>This fund is established and governed by RSMo 137.750.</p> <p>It accounts for the operations of the Boone County Assessor's Office. The County Commission approves the budget, subject to certain statutory provisions. The Assessor administers the fund.</p>
203	Domestic Violence Fund	<p>This fund is established and governed by RSMo 451.151; 455.200-455.305; 488.445; 488.607.</p> <p>It accounts for statutory fees that are collected and expended to provide shelter for victims of domestic violence. The County Commission approves the budget; the Community Services Department administers the budget.</p>
204	Road & Bridge Fund	<p>This fund is established and governed by RSMo 137.555 and 137.560.</p> <p>It accounts for the operations of the Road &amp; Bridge Maintenance Operations, Pavement Preservation, and certain design, construction and engineering activities which are consolidated within the Resource Management Department. The County Commission approves the budget.</p> <p>Funds 204 and 208 are combined for budget and financial reporting purposes.</p>

## Overview and Description of Special Revenue and Other Funds cont'd

<b>Fund No.</b>	<b>Fund Name</b>	<b>Description</b>
205	Infrastructure Grants Fund <i>Currently inactive</i>	<p>This fund is established and governed by local policy.</p> <p>It accounts for infrastructure projects funded through grants. Examples of grants accounted for in this fund include levy projects, and Community Development Block Grant projects. The County Commission approves the budget.</p>
208	Road Sales Tax	<p>This fund is established and governed by local policy.</p> <p>It accounts for the one-half cent sales tax revenues approved by voters in 1993 and renewed in 1997 for county road maintenance and improvement. Current authorization for the sales tax sunsets in 2018. The County Commission approves the budget.</p> <p>Funds 204 and 208 are combined for budget and financial reporting purposes.</p>
210	Local Emergency Planning Committee (LEPC) Fund	<p>This fund is established and governed by local policy.</p> <p>It was created mid-year 1998 to account for funds received by the Local Emergency Planning Committee from the State of Missouri. The County serves as fiscal agent for the LEPC. The County Commission approves the budget; the Director of Emergency Management administers this fund.</p>
211	Collector Tax Maintenance Fund	<p>This fund is established and governed by RSMo 52.312-317.</p> <p>It accounts for the additional delinquent fees and commissions authorized by state statute. The Boone County Collector of Revenue approves the budget and administers the fund.</p>

## Overview and Description of Special Revenue and Other Funds cont'd

<b>Fund No.</b>	<b>Fund Name</b>	<b>Description</b>
212	Fairground Maintenance Fund	<p>This fund is established and governed by local policy.</p> <p>It accounts for the fiscal year 2002 net insurance proceeds received by the County from losses sustained at the Boone County Fairgrounds. The County Commission elected to not rebuild some of the structures; instead, the monies were set aside in this fund to be used to address maintenance needs. The County Commission approves the budget and administers the fund.</p>
213	Community Health & Medical	<p>This fund is established and governed by local policy.</p> <p>It accounts for dedicated revenues received pursuant to the Boone Hospital Lease and which are intended to fund community health and medical needs. The County Commission approves the budget; the Community Services Department administers the fund.</p>
214	Stormwater Grants	<p>This fund is established and governed by local policy.</p> <p>It accounts for revenues and expenditures associated with various storm water grants. The County Commission approves the budget; the Director of Resource Management administers the fund.</p>
215	Boone County Fairgrounds Regional Recreational District Fund	<p>This fund is established and governed by RSMo 67.792 – 67.799.</p> <p>It accounts for dedicated revenues derived from a one-half cent sales tax imposed by the County Commission on retail sales occurring within the boundaries of the Boone County Fairgrounds Regional Recreational District. The district was established pursuant to Commission Order 223-2011 and the one-half cent sales tax was authorized pursuant to Commission Order 224-2011. The County Commission approves the budget and administers the fund.</p>

## Overview and Description of Special Revenue and Other Funds cont'd

<b>Fund No.</b>	<b>Fund Name</b>	<b>Description</b>
216	Community Children's Services Fund	<p>This fund is established and governed by RSMo 210.861.</p> <p>It accounts for the dedicated revenues derived from a permanent one-quarter cent sales tax approved by voters in 2012. The fund is administered and expended by a Board of Directors, which is appointed by the County Commission. The monies may be used for the purposes described in RSMo 210.861 including counseling, family support, and temporary residential services to persons nineteen years of age or less.</p>
230	Election Services Fund	<p>This fund is established and governed by RSMo 115.065.</p> <p>It accounts for revenues derived from a charge, not to exceed 5%, that is levied to all political subdivisions participating in any election. Fund resources may be used for training programs, election supplies and equipment, and any other costs incurred for the general improvement of elections. The County Clerk approves the budget and administers the fund.</p>
231	Federal HAVA Election Fund (HAVA) <i>Currently inactive</i>	<p>This fund is established and governed by local policy.</p> <p>It accounts for revenues and expenditures related to the Help Americans Vote Act. The County Commission approves the budget; the County Clerk administers the fund.</p>
232	Election Equipment Replacement Fund	<p>This fund is established and governed by local policy.</p> <p>It accounts for monies collected by the local election authority as an equipment rental fee while conducting local elections. This fund is intended to provide a means for accumulating resources for the eventual replacement of existing voting equipment. The County Commission approves the budget; the County Clerk administers the fund.</p>

## Overview and Description of Special Revenue and Other Funds cont'd

<b>Fund No.</b>	<b>Fund Name</b>	<b>Description</b>
233	FVAP Ease Grant Funds <i>Currently inactive</i>	<p>This fund is established and governed by local policy.</p> <p>It accounts for revenues and expenditures related to a grant received from the Department of Defense for federal voting assistance program. The grant provides 100% funding for the project and is administered by the County Clerk.</p>
250	Sheriff's Forfeiture Fund	<p>This fund is established and governed by local policy.</p> <p>It accounts for forfeited drug-related monies distributed to the Sheriff pursuant to federal laws. Use of the monies is restricted to drug-related law enforcement activities. The County Commission approves the budget subject to federal guidelines; the Sheriff administers the budget and the fund.</p>
251	Sheriff's Training Fund	<p>This fund is established and governed by RSMo 590.178.</p> <p>It accounts for the revenues and expenditures for peace officer training authorized by state statute. The revenues may be expended solely for peace officer training. The Sheriff approves the budget and administers the fund.</p>
252	Public Safety Citizen Contributions	<p>This fund is established and governed by local policy.</p> <p>It accounts for citizen contributions given to the County for various law enforcement activities.</p> <p>The County Commission approves the budget and the Sheriff administers the fund.</p>
253	Law Enforcement– Department of Justice Grants Fund	<p>This fund is established and governed by local policy.</p> <p>It accounts for federal grant monies received pursuant to the Local Law Enforcement program. The County Commission approves the budget, subject to federal guidelines, and the Sheriff administers the fund.</p>

## Overview and Description of Special Revenue and Other Funds cont'd

<b>Fund No.</b>	<b>Fund Name</b>	<b>Description</b>
254	Sheriff Civil Charges Fund	<p>This fund is established and governed by RSMo 57.280.</p> <p>It accounts for fees authorized and collected for the purpose of providing law enforcement services. All fees deposited into this fund were previously deposited into the General Fund. Revenues deposited into this fund are capped at \$50,000 annually. The Sheriff approves the budget and administers the fund.</p>
255	Sheriff Revolving Fund Activity	<p>This fund is established and governed by RSMo 571.101 - 571.121.</p> <p>It accounts for fees authorized and collected pertaining to “conceal and carry” gun permits. The Sheriff approves the budget and administers the fund.</p>
256	Inmate Prisoner Detainee Security Fund	<p>This fund is established and governed by RSMo 488.5026.</p> <p>It accounts for the fees authorized and collected for the purpose of developing, implementing, and maintaining a biometric verification system(s) to ensure that inmates can be properly identified and tracked within the local jail system. The budget is established by the Commission and administered by the Sheriff.</p>
257	Sheriff K9 Operations Fund	<p>The fund is established and governed by local policy.</p> <p>It accounts for revenues and expenditures related to the Sheriff’s canine program. The budget is established by the Commission and administered by the Sheriff.</p>
260	Prosecuting Attorney Training Fund	<p>This fund is established and governed by RSMo 56.765.</p> <p>It accounts for fees authorized and collected for the purpose of providing additional training for prosecuting attorneys and their staff. The Prosecuting Attorney approves the budget and administers the fund.</p>

## Overview and Description of Special Revenue and Other Funds cont'd

<b>Fund No.</b>	<b>Fund Name</b>	<b>Description</b>
261	Prosecuting Attorney Tax Collection Fund	<p>This fund is established and governed by RSMo 136.150.</p> <p>It accounts for revenues and expenditures associated with the collection of certain delinquent taxes, licenses, and fees on behalf of the State of Missouri. The Prosecuting Attorney approves the budget and administers the fund.</p>
262	Prosecuting Attorney Contingency Fund	<p>This fund is established and governed by RSMo 56.330.</p> <p>It accounts for fees authorized and collected for the purpose of providing prosecution services. All fees deposited into this fund were previously deposited into the General Fund. Revenues deposited into this fund are capped at \$20,000 annually. The Prosecuting Attorney, with the approval of a circuit judge, approves the budget and administers the fund.</p>
264	Prosecuting Attorney Forfeiture Fund	<p>This fund is established and governed by local policy.</p> <p>It accounts for forfeited drug-related monies distributed to the Prosecuting Attorney pursuant to Federal Laws. These monies must be maintained separately from other county funds and expenditures are restricted to drug-related law enforcement activities. The Prosecuting Attorney approves the budget and administers the fund.</p>
265	PA Administrative Handling Cost Fund	<p>This fund is established and governed by RSMo 559.100.</p> <p>It accounts for fee revenue authorized for the collection, disbursement, and general administration of crime victim restitution. The Prosecuting Attorney approves the budget and administers the fund.</p>

## Overview and Description of Special Revenue and Other Funds cont'd

<b>Fund No.</b>	<b>Fund Name</b>	<b>Description</b>
270	911/Emergency Management Sales Tax Fund	<p>This fund is established and governed by RSMo 67.547.</p> <p>It accounts for the revenues of a voter-approved 3/8-cent sales tax for a County-wide joint communications and dispatch center (911 Center) and for the funding of emergency management services. The County Commission approves the budget; commission-appointed department directors administer the various budgets included within the fund.</p>
280	Record Preservation Fund	<p>This fund is established and governed by RSMo 59.319.</p> <p>It accounts for fees authorized and collected for record storage, microfilming, and preservation. The Recorder of Deeds approves the budget and administers the fund.</p>
282	Family Services and Justice Fund	<p>This fund is established and governed by RSMo 488.2300.</p> <p>It accounts for revenues derived from a \$30 fee collected on each family court case. Expenditures are made at the discretion of the presiding judge or family court administrative judge. The Circuit Court approves the budget and administers the fund.</p>
283	Circuit Drug Court Fund	<p>This fund is established and governed by local policy.</p> <p>It accounts for fees received from defendants who participate in the Drug Court program. The Boone County Drug Court program is a court-supervised, comprehensive treatment program for non-violent, felony offenders. The Circuit Court approves the budget and administers the fund.</p>
285	Administration of Justice Fund	<p>This fund is established and governed by RSMo 488.5025.</p> <p>It accounts for fees collected for late payment of court costs and is used for the improvement of court administration. The Circuit Court approves the budget and administers the fund.</p>

522	Hill Creek Sanitary Sewer
523	W.B. Smith Sewer
524	Brown Station Sewer
525	Country Squire Sewer
526	Lakewood/Valley Creek Road
527	Manchester Heights Sewer
528	Phenora North Sewer
529	Bolli Road Sewer

NID funds are established by local policy.

These funds account for all expenditures associated with the Neighborhood Improvement District (NID) program and all subsequent special assessment revenues received in payment thereof. The cost of the improvements is initially paid by the County with property owners electing to reimburse the County over a period not to exceed 10 years.

A budget is adopted for a new NID project upon County Commission approval of the NID and the project cost estimates, which may occur at any time throughout the year. The County's budget is amended upon approval of the project.

**Because of the manner in which these budgets are established and the fact that all costs are borne by property owners, individual budget schedules have not been included in this budget document.**

The County Commission is the legal trustee of this fund, which was established with private contributions.</p>

# Fiscal and Budget Policies

Boone County operates under a statutory elective form of government in which specific authority and responsibility are granted to each elected official according to state law. The three-member County Commission has limited ordinance-making powers granted by the Missouri state legislature as well as exclusive control of county property. The County Commission also has final authority over the County Budget, except for certain special revenue funds where state law grants final budget authority to individual elected officials.

County officials are expected to manage public funds in a manner that promotes transparency and accountability; ensures fiscal stability; protects and preserves public assets; and reduces risk and uncertainty while maintaining flexibility. The Fiscal and Budget Policies presented below are intended to guide County officials' decisions and actions to ensure that these goals are achieved. In addition, these policies demonstrate County Officials' commitment to integrity, prudent stewardship, planning, accountability, and full disclosure.

The Fiscal and Budget Policies presented below were approved by County Commission Order # 550-2017.

## Revenue Policy:

---

- To the extent allowed by law, the County will endeavor to maintain a diversified and stable revenue base so as to minimize the effects of economic fluctuations as well as eliminate an over dependence on any single revenue source.
- Revenue trends are examined monthly and incorporated into annual revenue forecasts.
- The County does not use revenue sources while legal action is pending.
- The County Commission will identify areas where cost recovery through user fees and rates is legal and appropriate and establish target levels for such cost recovery. User fees and rates, as well as target cost recovery percentages, will be examined annually as part of the budget process and adjusted as necessary.

## Budget Policy:

---

- The County will adopt a balanced budget each year in accordance with state law. The budget is considered balanced when the *total resources of a fund* are sufficient to cover the *proposed spending plan* for that fund. In no event shall the proposed spending for a specific fund exceed the total resources available to the fund.

Within this definition, *total resources of a fund* refers to the sum of estimated revenues, other financing sources, and available fund balance; *proposed spending plan* refers to the sum of appropriations and other financing uses.

The following scenarios reflect examples of a balanced budget for any given fund:

- Scenario One: Revenues + Other Financing Sources  $\geq$  Expenditures + Other Financing Uses

## Fiscal and Budget Policies cont'd

- Scenario Two: Revenues + Other Financing Sources + Appropriated Fund Balance  $\geq$  Expenditures + Other Financing Uses
- The County will develop a multi-year revenue and expenditure forecast to be used in conjunction with the annual budget process.
- Realistic revenue projections will reflect conservative assumptions.
- The County will give highest priority in the use of one-time revenues to the funding of capital assets or other non-recurring expenditures.
- The annual operating budget will provide for routine maintenance and repair of the County's infrastructure, buildings, vehicles, equipment, and other long-lived assets.
- The General Fund incurs costs for various central services such as Human Resources and Risk Management; Legal; Purchasing; Information Technology and GIS; Payroll; Finance, Budgeting, and Treasury Management; Mail Services, etc. The annual operating budget will provide for reimbursement to the General Fund for inter-fund services used by operations wholly funded from dedicated special revenue monies (for example, Road and Bridge Fund or 911/Emergency Management Sales Tax Fund). The County Auditor is responsible for determining the cost allocation methodology to be used. The methodology should comply with established accounting standards and any applicable legal requirements.
- The annual operating budget includes only those grants that have been awarded to the County for the budget period. *Potential* grants are not included in the budget until final award is made to the County. Exceptions to this policy may be authorized by the Budget Officer. (See Grants Policy below for additional policy guidance.)
- All appropriations lapse at the end of the budget year to the extent that they have not been expended or lawfully encumbered.
- The County will establish a budget calendar each year to ensure that budget activities and deadlines comply with state law.
- The budget shall be on record in the County Clerk's office and open to public inspection. In addition, a copy of the budget will be available for view at the Columbia Public Library and on the County's web site <http://www.showmeboone.com>
- The County will annually submit its budget to the Government Finance Officers Association (GFOA) for an independent review and implement recommendations to the extent reasonably practical.
- The budget may be amended and revised during the year in accordance with the County's Budget Adjustment Policy (approved in Commission Order # 4-2014). A copy of the policy is included in the Appendix Section of this document.

### Grant Policy:

---

- Grant applications should be approved by the County Commission *prior* to submitting the grant application to the grantor entity/agency.
- For all grants, the County Commission will identify the local match requirement, if any, and ensure that appropriations are sufficient to meet the match requirement. In addition, the County Commission will determine the amount, if any, of on-going

## **Fiscal and Budget Policies cont'd**

budgetary impact resulting from the grant and ensure that appropriations are sufficient to meet the grant, if the grant is to be accepted.

- The County does not operate a centralized grants administration office. Therefore, each Administrative Authority who applies for, and is awarded a grant, is solely responsible for all grant administration, grant reporting, and grant compliance activities.

### **Capital Improvements Policy:**

---

- The County will identify the estimated costs and potential funding sources for each capital improvement project proposal before it is submitted to the County Commission for approval.
- The County will identify the estimated on-going operational costs and the potential funding sources for each capital improvement project proposal before it is submitted to the County Commission for approval.

### **Fixed Assets, Infrastructure Assets, and Capital Asset Policy**

---

- The County will maintain an inventory of fixed assets in accordance with statutory requirements. Currently, state law requires long-lived assets having an acquisition cost of \$1,000 or more to be inventoried.
- Physical inventories of the County's fixed assets will be conducted on an annual basis, according to a 3-year rolling schedule.
- The County will maintain an inventory of its transportation network infrastructure assets.
- All County property is to be disposed of in the manner authorized by the County Commission.
- County property may not be used for personal gain.
- Administrative Authorities are responsible for establishing policies and procedures within their respective offices to safeguard the various county assets under their control.

### **Financial Accounting and Reporting Policy:**

---

- The County will establish and maintain an accounting system that allows for identifying, capturing, summarizing, and reporting the financial activities of the County.
- Except in very limited cases, County revenues will be accounted for as "gross revenue" and not netted against expenditures.
- The County will prepare its financial statements in accordance with generally accepted accounting principles (GAAP).
- The County will prepare a Comprehensive Annual Financial Report (CAFR).
- An independent financial audit will be made of all accounts of the County at least annually and more frequently if deemed necessary by the County Commission.

## Fiscal and Budget Policies cont'd

- The County will annually submit its Comprehensive Annual Financial Report (CAFR) to the Government Finance Officers Association (GFOA) for an independent review and implement applicable recommendations.

### Purchasing Policy:

---

- The purchasing director shall have responsibility for and authority to contract for and purchase all supplies, materials and equipment required for the operation and maintenance of offices, departments or agencies of the County, except those of the circuit court, as directed by the County Commission.
- To the extent allowed by state law, Circuit Court offices are authorized to administer procurement activities on their own behalf, provided that such procurement activities comply with applicable statutory requirements.
- The County will comply with procurement statutes, which require competitive bidding for single purchases of \$6,000 or more or where multiple purchases over a 90-day period accumulate to \$6,000 or more.
- Although not required by state law, the County Commission encourages use of an RFP (Request for Proposal) process for procurement of professional services.

### Debt Policy:

---

- The County will adhere to the provisions of the Debt Management Policy, adopted by Commission Order #593-2012.
- The County may issue general obligation bonds, revenue bonds, special obligation bonds, and short-term tax anticipation notes as authorized by state statutes. The County may also enter into lease-purchase agreements.
- The County may issue refunding bonds for refunding, extending or unifying the whole or any part of its valid outstanding revenue or special obligation bonds.
- The County will follow a policy of full disclosure on every financial report and bond prospectus.
- When the County finances capital projects by issuing bonds, it will repay the bonds within a period not to exceed the expected useful life of the projects.
- The County will manage its budget and financial affairs in such a way as to ensure continued high bond ratings.
- No general obligation bonds shall be issued without approval of the requisite number of qualified voters, as required by state statute.

### Fund Balance and Emergency Appropriation Policy:

---

- **Fund Balance--major operating funds:** In preparing and adopting the annual budget, the County will calculate and maintain a projected unreserved, undesignated fund balance equal to at least two month's operating expenditures, which is approximately 17%. In the event that fund balance is projected to fall below the minimum amount, the County will develop a plan for restoring the minimum fund balance.

## Fiscal and Budget Policies cont'd

- **Fund Balance--nonmajor operating funds:** Fund balances will be maintained at levels needed to provide adequate operating flexibility while also reducing the likelihood of cash flow interruptions.
- **Emergency Appropriation:** Within the General Fund, an emergency appropriation equal to at least 3% of revenue will be included in the annual budget, as required by state law. The Emergency Appropriation may be used for unforeseen emergencies and requires a unanimous vote of the County Commission. Emergency appropriations may be included in other funds in amounts recommended by the County Auditor and approved by the County Commission.

### Enterprise Fund Policy:

---

- Enterprise funds will be used to account for the acquisition, operation, and maintenance of county facilities and services which are intended to be entirely or predominately self-supporting from user charges or for which periodic net income measurement is desirable. Note: **The County does not currently operate any enterprise activities.**

### Internal Service Fund Policy:

---

- Internal Service Funds will be used to account for the provision of goods and services by one department of the County to other departments.
- Internal Service Funds are intended to be self-supporting from user charges received from the respective user departments.
- Internal Service Funds are intended recover the cost of operations without producing any significant amount of profit in excess of the fund's requirements.

# Summary of Long-Term Debt

Boone County is authorized by the Missouri Constitution and the Revised Statutes of Missouri to incur general obligation debt upon voter approval. In addition, the County is authorized to incur special obligation debt (no voter approval required) for the purpose of purchase, construction, or expansion of county buildings.

General obligation bonds issued in conjunction with the Neighborhood Improvement District (NID) program are intended to be repaid from assessments levied against properties within the districts; as a result, there is no property tax levy for debt retirement imposed by the County. The special assessments are billed, collected, and remitted to the County by the County Collector and are deposited into debt service funds that are legally restricted for payment of principal and interest on the outstanding bonds. The County attaches liens on the properties within the districts to secure payment of the assessments.

Special obligation bonds issued for the construction and expansion of county buildings are retired through annual appropriation: monies from the appropriate operating budgets are transferred to the applicable debt service fund from which annual principal and interest payments are made.

Debt Service expenditures included in the FY 2020 Budget total \$1,126,856 which represents approximately 1.3% of the total budget (all governmental funds combined, excluding capital project funds). Of the total, \$966,469 relate to special obligation bonds associated with land and building acquisition and \$160,387 relate to NID general obligation bonds.

## **Debt payable as of January 1<sup>st</sup> is composed of the following:**

### **General Obligation Bonds:**

\$450,000 2011A general obligation neighborhood road improvements bonds (Direct Loan through Department of Natural Resources) due in annual installments of \$35,000 to \$55,000 through 2021; interest at 3.0% to 4.0%.	105,000
	<hr/>

### Legal debt limit:

State law limits the amount of the County's outstanding bonded debt (exclusive of revenue bonds, special obligation bonds, and balances available in debt service funds) to 10% of the County's assessed valuation. As of January 1<sup>st</sup>, the County's statutory debt limit will exceed \$303,800,000; actual bonded indebtedness is well below this limit, as demonstrated by the information presented below.

Estimated Assessed Valuation of Boone County, January 1:	\$3,038,003,000
Constitutional Debt Limit (10%):	\$ 303,800,000
Debt outstanding at January 1 applicable to debt limit:	\$ 1,183,001
Debt outstanding at January 1 as a percentage of debt limit:	0.4%

# Financial Summaries—

This section contains the following information:

- Comparative Revenues and Expenditures trend data for the last 10 years (All Governmental Funds Combined)
- Graphical presentation of Revenue by Source and Expenditures by Function for the current fiscal year (Information is presented for the County's major funds as well as for All Governmental Funds Combined)
- Graphical presentation of comparative annual growth rates in sales tax for the last 10 years

# Financial Summaries

## Revenues, Expenditures, and Net Fund Balance – All Governmental Funds (Excluding Capital Project Funds)

	2011 Actual	2012 Actual	2013 Actual	2014 Actual	2015 Actual
Revenues (Excludes Other Sources)	\$46,174,373	\$51,094,042	\$55,734,573	\$67,156,679	\$69,075,258
Expenditures (Excludes Other Uses)	\$44,095,275	\$50,690,252	\$45,345,945	\$54,096,677	\$55,509,273
Net Fund Balance	\$18,146,755	\$16,998,190	\$19,036,166	\$19,285,845	\$35,729,110
	2016 Actual	2017 Actual	2018 Actual	2019 Estimated	2020 Budget
Revenues (Excludes Other Sources)	\$70,589,700	\$71,635,975	\$73,618,466	\$71,826,046	\$71,939,520
Expenditures (Excludes Other Uses)	\$62,891,547	\$64,540,179	\$64,055,250	\$74,231,789	\$85,876,620
Net Fund Balance	\$51,202,647	\$56,465,866	\$61,133,456	\$54,260,959	\$42,744,189

The graph above illustrates revenue, expenditure, and net fund balance trends over the past 10 years. **Significant fluctuations in fiscal years 2012 through 2015 are attributable to the following which are explained in further detail within the Budget Message:**

- Fiscal year 2012 expenditures “spike” is associated with two non-recurring projects in the Road and Bridge Fund
- Two new permanent, dedicated sales tax levies approved by voters: Community Children’s Services and 911/Emergency Management
- Favorable revenue variances (2013 and 2014)
- High number of extended staff vacancies within County offices (primarily in the General Fund), resulting in increased favorable spending variances (2013, 2014, and 2015)

# Personnel Summaries—

This section contains the following personnel information:

- Summary of Personnel (FTEs) by Function for the current budget year
- Comparative Summary of Personnel (FTEs) by Fund for the last 10 years
- Comparative Summary of Personnel (FTE) by Function for the last 10 years

A summary of significant changes over the past 10 years is provided below. Refer to the Budget Message for detailed discussion of staffing changes for the current budget year. The ten-year net increase is approximately 104.5 FTE's, or 25%.

**General Government Operations**—Approximately 16 FTE permanent positions (net) have been added over the past 10 years, a 19% increase. The 2020 budget includes an increase of 3.50 FTEs: 2.5 FTEs are associated with cyclical election activities and a full-time FTE is attributable to the transfer of a vacant position from Public Safety Information Technology (911/Emergency Management) to general government Information Technology.

**Public Safety**—Approximately 79 FTE positions (net) have been added over the past 10 years, a 33% increase. The increase is primarily due to the transfer of 911 and Emergency Management activities from the City of Columbia to Boone County and the addition of 11 FTEs in the 2019 budget. The 2020 budget also reflects: (1) an additional full-time grant-funded traffic Deputy; (2) two part-time Sheriff's Warrant Specialist positions increasing to full-time; (3) grant-funded positions being included in the budget for only a partial year according to the approved grant period, which does not coincide with the County's fiscal year; and (4) eliminating a full-time benefitted technology position and transferring the position to general government Information Technology.

**Environment, Protective Inspection, & Infrastructure**—The 2020 budget reflects no changes in FTE levels. Over the past ten-year period, total FTEs have decreased by 2% or 1.38 FTEs attributable to eliminating vacant positions.

**Health and Community Services**—FY 2014 was the first year for the County to employ staff for health and community services activities and resulted from voter passage of the Community Children's Services sales tax. Previously, some of these services were obtained pursuant to an intergovernmental agreement with the City of Columbia. A total of 4 FTE positions had been added prior to 2019 with an additional position, a Data Analyst position, included in the 2019 budget. There are no changes to the fiscal year 2020 budget.

**Facilities and Grounds Services**—Seven (7) FTEs have been added over the past 10 years, which represents a 50% increase. In 2018, administrative and budgetary control for the Security Technician FTE was transferred from Facilities and Grounds to Information Technology. There are no changes in the fiscal year 2020 budget.

# Fixed Assets Summary—

This section presents information regarding investment in new and replacement fixed assets. The planned expenditures are classified by office, category, and by fund; these expenditures are fully incorporated into each respective office’s annual operating budget. This section does not include capital outlay funded from Capital Project Funds, which are presented in a separate tab section of this budget document.

# Capital Project Budgets—

This section contains information pertaining to the County's capital investment activities that are accounted for within capital project funds. The activity consists primarily of land and building acquisition as well as facility expansion and improvement. Routine vehicle, machinery, and equipment acquisition and replacement is accounted for within each respective annual operating budget. The County's infrastructure improvements are accounted for within the Road and Bridge Fund annual operating budget, one of the County's major governmental funds. This Capital Projects section contains the following information:

- Description of the County's capital improvement planning process
- Overview of approved capital projects and estimated operational impact
- Summary of capital project funds

# Capital Projects

## Capital Improvement Planning Process

The County's need for facility acquisition and expansion occurs infrequently; because of this, the County Commission engages in planning and budgeting processes on an as-needed basis. The County Commission uses long-range plans, task force reports, and space needs studies to guide planning and budget development. Once approved, appropriations are established for the capital project with unused appropriations "rolling" to the subsequent fiscal year until the project is completed.

In April 2013, voters approved a permanent three-eighths cent sales tax to be used to construct, equip, and maintain a new emergency communications facility and to pay for expanded and improved operations.

The design process for the new facility concluded in 2014 and the County issued bonds in early 2015 to finance construction of the Emergency Communications Center (ECC). Principal and interest payments on the bonds are paid from the proceeds of the sales tax. Funding for technology is provided through sales tax proceeds with no need for borrowing. The County established a capital project fund, *ECC Construction Project*, to account for all financial activity pertaining to this project. The facility was completed in 2016; radio and technology was substantially completed in 2019.

During 2017, the County Commission contracted for a needs assessment pertaining to work and storage space needs for law enforcement, facilities maintenance, emergency communications radio network, and emergency management. The design work was approved in 2018 and funding for the project was included in the 2019 budget. The bid was awarded in 2019 and construction is expected to conclude mid-2020.

The 2018 budget included funding for a needs assessment for the Road & Bridge facility located on Tom Bass Road. Fiscal year 2019 budget included funding for architectural design and construction costs. The project is expected to be bid in early 2020 and construction to begin thereafter.

# Capital Projects

## Overview of Capital Projects and Estimated Operating Impact

Project	Project Description	Approved Project Budget	Appropriation Status	Project Status 1/1/2020
<b>Emergency Communications Center (ECC)</b>	Design, construct, and equip a new facility to house the co-located operations of 911 Call Taking and Dispatch services and Emergency Management Services. Includes contracted project management services.	Facility: \$ 13,304,000	Approved 2014	ECC facility completed and operations relocated to ECC mid-year 2017. Technology substantially completed in 2019.
		Radio/Technology: 8,650,000	Approved 2014	
		<b>Total \$ 21,954,000</b>		
<b>ECC Back-Up Center</b>	Modify and equip an existing County-owned facility to serve as the ECC back-up center	Facility & Equipment: \$ 1,200,000	Approved 2016	Project completed.
<b>ECC Support Building</b>	Design and construct a support facility which will house BCJC radio system maintenance activities, EM supplies and small equipment and Prosecuting Attorney evidence storage	Facility: \$ 2,875,000	Approved 2019	Project approved for funding in FY 2019 Budget. Construction is expected to end mid year 2020.
Project	Project Description	Approved Project Budget	Appropriation Status	Project Status 1/1/2020
<b>Road and Bridge Facility Improvements - Tom Bass Road Location</b>	Expand mechanics area, construct a truck washing station, improve equipment storage and vehicle outfitting areas, and pave surface areas	Facility: \$ 3,500,000	Approved 2019	Project approved for funding in 2019 budget. Architect design work began in 2019 and the project is expected to be bid in 2020.

Transition of 911 and Emergency Management operations from the City of Columbia to Boone County was completed in 2017. The annual operating costs will be paid from a dedicated permanent three-eighths cent sales tax approved by voters in April 2013, which became effective October 1, 2013. The ECC Support Building was cut from the original design due to cost concerns; however, competitive bid pricing enabled the County to pursue it later as a separate project. Non-ECC costs (such as Prosecuting Attorney evidence storage) will be paid from a source other than the legally-restricted bond proceeds.

Project Funding Source(s)				Estimated Annual Operating Impact			
Bond Proceeds (Facility Design, Construction and Project Management)	Transfers from 911/EM Sales Tax Fund* or Other Funds	Total Funding Sources		Estimated Cost	Description	Funding Source	Year of Fiscal Impact
\$ 13,320,000	10,000,000	23,320,000		\$ 9,000,000	Annual operating budget including personnel; equipment maintenance and support; licensing; utilities, insurance, and other facility-related costs; debt service on bonds; equipment and technology replacement	Permanent 3/8-cent sales tax dedicated to 911 & Emergency Management services	2015-2016; fully built-out operating budget reflected in 2019 and 2020
<u>\$ 13,320,000</u>	<u>10,000,000</u>	<u>23,320,000</u>		<u>\$ 9,000,000</u>			
<u>\$ -</u>	<u>1,200,000</u>	<u>1,200,000</u>		<u>\$ 75,000</u>	Annual operating costs consist of non-personnel costs such as utilities, insurance, maintenance agreements, and software licenses	Permanent 3/8-cent 911/ Emergency Management sales tax	2017-2018
* Unused amounts will be returned to the 911/EM Sales Tax Fund and used for future radio and technology							
<u>\$ 2,655,000</u>	<u>220,000</u>	<u>2,875,000</u>		To be determined	Utilities and insurance; facility maintenance and repair	911 Sales Tax Fund and General Fund	2020-2021
	(\$220,000 transferred from other capital project funds)						
Project Funding Source				Estimated Annual Operating Impact			
Transfer from Road and Bridge Fund	Total Funding Sources			Estimated Cost	Description	Funding Source	Year of Fiscal Impact
<u>\$ -</u>	<u>3,500,000</u>	<u>3,500,000</u>		\$100,000	Utilities and insurance; facility maintenance and repair, 1 additional FTE	Road and Bridge Fund	2021

The Road and Bridge Facility Improvements Project will address functional deficiencies in the current facility located south of Columbia adjacent to Highway 63 (Tom Bass Road). Notable improvements will include an expansion of the mechanics area, expanded and improved equipment and vehicle storage areas, a new space for vehicle equipment installation and outfitting, construction of a truck washing station, and upgrading surfaces from gravel to pavement.

# Capital Projects

## Summary of Capital Project Funds

Capital Project Fund Name	Purpose	Status as of the Budget Year	Projected Fund Balance at December 31st
General Capital Fund	This fund accounts for non-recurring resources that have been set-aside by the County Commission for future capital project needs for County statutory operations.	Residual assets available for appropriation	\$ -
Emergency Communications Center Capital Project Fund	This fund accounts for the design, construction and technology costs associated with the new Emergency Communications Center (ECC) which will house 911 and Emergency Management Operations. It will also account for the design and construction of the ECC Support Building.	ECC Facility construction completed in 2017; technology to be completed in 2019. ECC Support Building design should conclude in 2019 and construction could begin in late 2019 or early 2020.	\$ 1,000,000
R&B Expansion and Improvement	This fund accounts for the design, construction and technology associated with the expansion and improvements at the Road and Bridge facility located on Tom Bass Road.	The project is expected to be bid in early 2020.	\$ -
